# Chapter 63 - Briefing And Information, And Welcome ...!?

Side : Kovil

Yuki was being absolutely ridiculous.

Because, because!!

「Yes, please look at the following 10th page. Inside are the Dungeons rules, regulations, and laws. Our autonomy is recognized. 」

He gave a pamphlet to Alshtail and Crack with explanations about our Dungeon. ?

Again, absolutely funny!! He made no sense!!

Just a while ago, Crack and Dest were on the verge of killing us with their swords!?

What was going on!?

(Kovil)「Hey Mauve, tell Yuki something. 」

(Mauve)「What do you want me to say, I don't know. 」

(Kovil)「What ... What, first ... .. What about the two's executions?」

(Mauve)「Humm? They have already buried their hatchet. Besides, the origin of this conflict was probably not only these guys. But their supports as well those who tried to fill up their pockets. Well, maybe they were tempted by Crack..... 」

(Kovil)「I mean, even if you kill those two..... 」

(Mauve)「I mean, why? If we judge it by results, there's no problem with the current situation. It's bloodless and brings reconciliation... And I want to say, a solution has appeared. 」

(Kovil)「Mukiiiiii ! ! I don't get it!!」

(Mauve)「In this world, if there's a man you won't understand. It's him. That representative, be it emotionally or physically. 」

Mauve was leisurely drinking cola while he pointed at Yuki.  
Ah, now a Dungeon, with a transfer gate, was installed just beneath the cathedral of Ritea.  
To suit the situation, a desk, chairs, a whiteboard for explanations and a serving of juice were taken out freely.  
By the way, I was drinking orange juice.

(Yuki)「Well, Kovil have some juice, don't complain. I'll seize it otherwise. 」

(Kovil)「Mugugugu1)SFX Crying.... 」

Yuki was a horrible child!! I wasn't complaining, just let me drink my juice!!

(Yuki)「..... and that's it. Do you have any questions?」

(Alshtail)「Yes, there are so many things... 」

(Crack)「Here too」

Alshtail and Crack voiced the same opinion.  
Ah, Alshtail wanted to bring the guards while Crack and Dest wanted to use the imperial guards.  
Well, I was scared of my enemies.  
However, thanks to a small briefing session.  
It would be bothersome if we had other people.

(Yuki)「Ah, by the way if you don't understand the meaning of my 「Words」do so quickly because I will teach you the real thing from now on. You can ask me later about the trivial things. So don't ask something like the landscape of this beautiful painting. It's a pain to explain the principle」

His way of talking was rough.  
Yuki had to work properly, right?!!

(Alshtail)「..... I will be convinced for now. But please tell me more about this only. I understand that Yuki is a Dungeon Master..... 」

(Yuki)「No, I'm an agent? Lulu is one too. 」

(Alshtail)「Huh?」

(Yuki)「After that, what about this?「Why can't I make a Dungeon in the cathedral?」Perhaps the sacred cathedral has a barrier? I don't know so tell

me?」

(Alshtail)「Agent? Lulu-sama too? Oh, I see. The cathedral cannot be approached by evil!! Monster, Dungeon or Dungeon Master, it's all the same!!」

(Yuki)「Have you already made an experiment?」

(Alshtail)「Eh?」

(Yuki)「No, I'm an agent for the Dungeon Master and I have her permission. Lulu what about it is evil? What's the definition of evil?」

(Alshtail)「Well... 」

Aahh, the face of Alshtail became watery.

That's right. It was denying all she learned until now.

(Yuki)「Well, I'm able to so it can't be helped. I'll just have to convince you. 」

What a brutal theory. No, more than theory, that guy had evidence?

(Yuki)「Crack, do you have any question?」

(Crack)「Ah... Gku. 2)Sfx..... First of all, I want to see the city you talked about. 」

Ohh, he endured!! He endured! Crack was great!!

In the future, you'll become a great person! I can guarantee!!

(Yuki)「What about you Dest?」

(Dest)「I trust you. So I beg you. Please save my friends」

(Yuki)「Leave it to me. 」

Dest, you think that if you remain silent it'd save your friend?

Well, it's fine. Because Yuki can do anything!!

(Yuki)「Well, question time is over. Let's pass the gate and go to the other side!」

What are you talking about? Even though a lot of question were still on hold!!

Then, Yuki kicked the too scared Alshtail inside and they entered the gate.

..... I sympathize with you.

(Crack)「Ku!? It's a trap after all!! However, if it's only a goblin, it won't be too

hard to return!!」

As we entered, we could hear vigorous cracking noises.

Ah, it's not a goblin from the scouting force.

Did he come all the way to the second floor?

(Steve)「Gobu? (Hey general. What about those humans?)」

Ehh, the only thing we heard was Gobu, but I still understood what he said.

When did I get the goblin language?

Oh, The leader of the goblin army, Steve, easily caught Crack.

(Yuki)「Oh, Steve. How? Are you higher leveled than Mauve now?」

(Steve)「Gobu!? (Seriously!? I don't feel any resistance?)」

(Crack)「.....」

Crack was crying.

It's good, now you can cry Crack!!

(Yuki)「Let's shift on the main subject. These are guests from Ritea I told you about earlier. I only wanted to show them the functionalities of the second floor's defense just in case.」

(Steve)「Gobun..... (Ok, I see. Then I will exactly do that. Let's practice with the grenade launcher now.....)」

When Steve declared, the area in front of him was immediately blown off.

Along with a really big roar.....

What!? He even used big magic!?

(Yuki)「Oh, it's flashy, it shots a whole area in one go. But I wanted a mortar or something.....」

(Steve)「Gobubu..... (There's a reason why I didn't. Last time, it almost made a big hole in the ceiling. It's good because the ceiling is really thick, but if it was thinner a lot would have fallen to the ground.)」

Well, that's scary.

(Yuki)「When I hear that I have some doubts. I have to investigate how far it can endure. Perhaps the worst attack we can receive is from digging holes.」

(Steve)「Gobu..... (Such a stupid way of capturing a Dungeon. But the general is a genius. )」

Yes! It was not possible to think of that for anyone except Yuki!

(Yuki)「Whatever. Steve, it's good to practice, but do remember to patrol. 」

(Steve)「Gobu. (Roger that)」

(Yuki)「And that's why this is the defense feature in which my Dungeon takes pride. It's amazing. And it's explained on page 15 of the pamphlet. 」

(Alshtail)「..... 」

(Crack)「..... 」

(Dest)「Amazing, you're really amazing. 」

Alshtail and Crack opened their mouth, without any sound going out. Dest, on the contrary, thought that the present sight was encouraging.

After that, we went watching various place on the Third Floor. The training school, the resident district, the residences and many other things.

I also enjoyed it since I had to undergo on the trip right after my arrival, I had only visited the training school at that time.

The fourth floor was also amazing, the smiths were doing an amazing job.

Everyone from the fairies was excited making various weapons.

There was a few place on the fifth floor we haven't seen yet. But I think this floor might be the widest?

There is a Dungeon District after the Adventurer District, and if you go there you have to be prepared to affront death!!

I was thrilled!! Yuki and the others were making a Dungeon!!

Wow, it might be good to become an adventurer!!

Then, Alshtail and Crack were.....

(Alshtail)「Dream... Yeah, that's it. I have to wake up. I still have people to save in my nation. Because you said to aim for this, Lilith-sama. 」

(Crack)「..... Hah!? I think I lost to a goblin and a slime, but was this just my imagination? It's my imagination!! Because I'm alive!! There is no chance of being defeated by a monster and live!!」

Yes, my condolences.

It seemed that it exceeded the limits of their understandings.

(Yuki)「Then, I think you have now understood the main point. I will not give a detailed explanation, please listen to it first and you can ask questions. I will now summarize the story of accepting refugees from Ritea into the Dungeon. 」

(Alshtail)「..... Buts Buts3)SFX : Grumbling」

(Crack)「..... It's my imagination, my imagination. 」

(Yuki)「Hey, Kids! If you want to dream I can put you to sleep forever?」

(Alshtail)「Ha!？」

(Crack)「Yes!？」

Hii~4) SFX : high pitched surprised He let all of Kiyu's magical power out!!?  
Too scary!!

(Yuki)「For now, let's go to the government office with the transfer trap here. Every representative of the Dungeon gathers there. I'll explain everything there. 」

Yuki said that and went through the transfer field.  
This time, because she was scared of being kicked again, Alshtail went of her own volition.  
Later, when I followed after them, we were welcomed by a line.

「「「Welcome!! ..... 」」」

「Saint Herge!!」

「Paradise!!」

「Yuki's republic!!」

「Dungeon town!!」

「Safe city!!」

「Yuki and his happy friends' village!!」

「...Frying village」5)Lol Tori please

「Wow... 」

「Eto, eto, Nii-sama's village ! !」

「..... We can't decide of the name」

「Ara ra, that's serious. Many people will come from now on, so we have to decide on one. 」

Oh, they couldn't decide the name.

Chapter 64 - For the things I lost

Side : Herge

I was participating in the meeting.

Of course, in my disguise.

We heard about Crack's story.

Eventually, the root of this conflict was driven by the desire to save someone.

By the people who believed that their actions would lead to a brighter future.

Crack-san and Dest-san were seriously listening to the meeting now.

There was nothing I could do, me, who had been swept away by the past.

There were many things I wanted to say to them. Lots of lives that were lost.

Still, what I had to do now was not to consume myself in revenge.

But to save the lives that could be saved.

Here, we can save the people Crack-san talked about.

The number of people was slightly large, so we had to increase the size of the building and education, but that wasn't something that couldn't be done.

(Lutz)「Well, I thought there was a purpose for onii-san to visit us directly. Are you trying to collect people legally?」

(Yuki)「There is no legal bullshit though. That country... No, that unpleasant town, everyone of their inhabitants can come and live here. I'm sorry that I went there without asking you, but we have a lot of things we have to work on and I want it to advance. That said, I only invited them. Well, as it's difficult to manage, when I went by myself, I also asked for someone who would support

too. 』

(Lutz)「You asked~? Hee~」

Lutz-san didn't believe him.

Well, I wasn't believing the remark Yuki-san said either.

Because Alshtail, the Holy Woman he talked about, was present.

How, from your simple request, the top of a country would come here and have a meeting just like this?

(Yuki)「Well Lutz, let's leave that aside. The problem is that this time a bit more than 10 000 migrants are coming. 』

(Lutz)「You're right. Although the process with 355 people was hectic, 10 000 people will kill us」

She's right.

When we issued the cards of the immigrants, I also went out to help in disguise but that time sure was busy.

Here we're talking about 10 000 people.

It wasn't amazing, but that wasn't something we could judge.

(Crack)「We understand your concerns. So, let's gradually accept people here in 2 or 3 months. In the meantime, with the help of Alshtail, we can take measures for the refugees in the other side. The supporting fool who wants to starve the people will push against us. But we can hold for 2 or 3 months. 』

Crack-san who understood the situation said that we could make the immigration successful by dividing it, with the help of Alshtail-sama.

Indeed, there wasn't necessary to accept the 10 000 people all at once.

They would come here gradually and we could let those who came ahead share guidance to reduce our burden.

But, wasn't that a little harsh on Alshtail-sama?

I didn't know how she felt, but...

(Alshtail)「..... About the support asked by Crack. We rescued Lulu-sama and we will be able to help our citizens, I got enough evidence with me. I won't spare my efforts. Please, take care of the people that overflow from our hands. 』

Alshtail-sama deeply bowed.

As Lulu-sama said, she's straightforward.

(Lutz)「Alshtail-sama promised to help. It's certainly a pleasure for our side, but what do you intend to explain to the upper echelon. Will you just say that the refugees are going into this Dungeon's city? That it will halve the civil war in Ritea to some extent? They'd say the Holy Woman went mad. Well, they are hands to see over here, but that's not very bad. Even if you intervene, you need to watch your steps. At present, we're basically stealing people from the country Ritea. Even if we're feeding them. Because there's also the face of a country<sup>1</sup>) aka their Honor or Prestige. Because they can't keep up, they'll have to trust another place in their stead. So, what will you say?」

Certainly, as Lutz-san said.

There would always be someone who wants to try and intervene in order to make an alliance with the Dungeon.

(Lutz)「In other words, Alshtail-sama, Crack-san and Dest aren't allowed to act without permission. Because it's impossible to use the treasury and have the support of the Dungeon just like that. 」

(Lulu)「Lutz-san, is that okay?」

(Lutz)「Oya, Lulu-sama, do you have any good idea?」

(Lulu)「Yes, just in case, I had already talked with Yuki-san for the repayment after he rescued my life... No, using the pretext of being a political opponent of Alshtail, I'll be staying permanently inside the Dungeon. 」

(Lutz)「Wow. That's a good idea. The truth is, Lulu-sama now holds the right to negotiating with the fairies. If I'm not mistaking, you're now recognized as a considerable position in Ritea, no?」

(Yuki)「Yes, Lulu-sama was thinking of getting the seat of the Prime Minister as soon as we're done with the treatment. However, If Lulu-sama meant what she said..... Let's say she's a representative from the Dungeon supporting Ritea. If we do that, our opponent won't be able to disagree with us. More precisely, the fairies are also living here. 」

Indeed, if Lulu came here as a representative, nothing bad would happen.

(Ellis)「Does that mean that we will publicly announce this Dungeon?」

Ellis was asking for confirmation.

(Lulu)「Yes, Ritea can't provide enough support so we will become the partner that'll support them. It will take time before the citizens hear it, but the upper echelon will hear of it much sooner. 」

(Yuki)「Alshtail. I don't mind announcing it. But this is my territory. And even its autonomy was admitted. If a stupid aristocrat makes a fuss about this Dungeon, I will immediately lop his head off. I won't accept any complaints. Rather, be especially strict with the nobility. 」

(Alshtail)「Ye, yes!!」

Alshtail-sama answered with her voice turned inside out.

Chii ane-sama2) She talks about her sister, Seraria was seriously staring at you.

(Seraria)「You already saw it. I'm not the one running this place. All of the people here are representatives, and we all make decisions together. Us being representatives is just a facade, but don't make light of us. Remember, if any of the inhabitants who live here are affected by noble of your place, I will kill them. 」

(Yuki)「Well, even after doing all that, they'll eventually make a fuss. 」

Yuki-san answered slowly.

(Alshtail)「Th-that can't be happening!!」

Alshtail-sama tried to refute.....

(Crack)「No, I also agree with Yuki... Dono3) he hesitated which honorific he should use towards Yuki . If you look at this place and you see that it's a little powerful, there'd be many stupid nobles taking that as a pretext to meddle in. 」

Crack-san said that a problem would obviously appear.

(Yuki)「Therefore, I have a solution, will you listen?」

Yuki-san had a funny look when he said that.

This is certainly, certainly not good.....

(Alshtail)「You have something!? Thank you, by all means!! In this way,

Seraria-sama is going to slash and slash the alliance..... 』

(Seraria)「Ara, what's the point in allying with someone that can't hold the reins of their own subordinates well. 』

Chii ane-sama was too cautious.

(Alshtail)「Seraria-sama, please calm down!! This alliance nonetheless has a firm front and can't afford to lose!!」

(Seraria)「..... I wonder what you're talking about. 』

(Alshtail)「This alliance aim to clear the regrets of Seraria-sama's younger sister, Herge!! By no means..... 』

Alshtail-sama tried to continue but.....

(Seraria)「Do not open your mouth aaanyymoreeeeeeeee!!!!」

Chii ane-sama exploded.

She withdrew her sword and walked toward Alshtail.

(Alshtail)「No, something.... there's a mistake..... 』

(Seraria)「Shut up. If you think about the alliance, it's only a matter that was put together to suppress the Demon King. 』

Chii ane-sama was seriously angry.

(Seraria)「Alshtail. There's only one behavior you can take before me. Kneel and ask for forgiveness. Otherwise, I will cut your neck right in this place. You're uglier than Crack. 』

(Crack)「Meanie... 』

Chii ane-sama, without any hesitation, swung her sword through.

(Yuki)「Well okay, calm down Seraria. I already said that I have a plan. 』

The sword that was supposed to drop Alshtail's neck was stopped by Yuki's action.

I have no idea what he did.

(Seraria)「..... Haa!! I understood what you mean. But I will ask Yuki to pay for this later on. 』

(Yuki)「Be gentle with me. Then, Alshtail. Why do you think Herge was killed by the Demon King? Haven't you heard? The truth?」

(Alshtail)「!?」

(Yuki)「Oh yeah, it's a compromise we had prepared. It's because we couldn't afford to cause a war. 」

(Alshtail)「Don't tell me... Seraria-sama has... 」

(Seraria)「I know, Ritea assassinated Herge. 」

(Alshtail)「..... 」

(Yuki)「Have you understood the reason why Seraria is angry?」

(Alshtail)「..... Seraria-sama. I am really sorry about this incident. 」

Alshtail lowered her head deeply.

Yes, I was indeed living. But for chii ane-sama, she can't forgive Alshtail who openly lied.

(Yuki)「... Alshtail, you have to speak with the top of your country. You say that we know everything about Herge. If anyone from the nobility comes here, his neck will fall. Her sister is making a riot here. 」

(Alshtail)「..... Yes. I'll tell everyone. But what about Lulu... 」

(Lulu)「Yes, I am also carrying the role of the hostage. And the matter of aid and support is also a form of compensation. 」

(Seraria)「When you announce this, the vicinity of Ritea will soon become full of enemies. At that time, Rochelle will take the initiative and attack you. This is the strategy Yuki said that could silence the upper echelon. If the matter of Herge is known, everything will be a mess and you won't know when you lose your life, do you get it?」

Chii ane-sama said that and pulled her sword which she caressed lightly.

(Yuki)「Now, we have a rough outline for our plan. Let's resume after a break. 」

Chii ane-sama put her sword in its sheath and tried to leave the meeting room.

(Crack)「Seraria-sama. Can I ask you one thing?」

Crack-san asked chii ane-sama.

(Seraria)「What?」

(Crack)「I can agree with what you said a short while ago. But, why didn't you threaten me with your sword? It's not an exaggeration to say that I took away your little sister. Hasn't Yuki-dono told you?」

(Alshtail)「... Crack. I am also a knight. 」

(Crack)「Ha, we know. It's the goddess of war who gave you the Valkyrie's job. 」

(Seraria)「You're right.... I don't want to use myself for the past. I want to use it for the future and not make wasteful death. 」

(Crack)「I have the same thought. Because I was blaming the future, I threw away a lot of things. 」

(Seraria)「That's why, don't try to escape from your sins. For the death of many people. For the death of Herge. Grab a hold of the future and make it have sense. I wonder if you see the difference?」

(Crack)「Yes」

(Seraria)「Then, there's no meaning to slay you and throw you away. If you have instead come here to challenge me, and lose your life, then I welcome you anytime. The future you desire is connected to Herge's death. 」

When chii ane-sama said that, she walked away.  
Crack-san was doing Ritea's most respectful way of salutation.

(Crack)「Ano, I'm going to live but... 」

(Lutz)「Well, please give up. If not, she'll destroy you?」

Lutz-san struck his shoulder.

Afterword of the author

Yes, Seraria became furious for her beliefs.

Well, Herge is alive!!

I will be absent tomorrow.

That's because I must write「The Gundam side story」!!

# Chapter 65 - Excellent

side: Vilia 1) ヴィリア

(Vilia)「Nee, Aslin, Philia. Yuki-sensei2) Sensei means teacher in Japanese ... Onii-sama isn't coming today?」

When they heard us talking about Yuki onii-sama, everyone around looked at me seemingly interested.

That's no surprise. Because it's strange for Yuki onii-sama not to come to school.

Everyone loves Yuki onii-sama.

(Philia)「Today we have self-study. Onii-chan and the others representative have a meeting today from the morning. He said something like, a great person is coming?」

(Aslin)「Yes, nii-sama is busy with meetings today. So we can take it slowly. 」

When they answered that, everyone became gloomy uniformly.

(Kid)「Hi Ku 3)SFX: Crying..... Why... Is he abandoning us... Hummm」

(Some other Kid)「Eh!? That... No, that can't be... 」

One person began to cry, and like something infectious, soon half of the neighborhood broke into tears.

(Philia)「Awaawa!? Please stop crying, onii-chan will never do such a thing!! Today he can't help it because he had work. 」

(Aslin)「Yes he is. He is just busy for awhile and will neatly come tomorrow. So stop crying!?!」

The two were confused, they hurriedly tried to calm everyone.  
Well, this was inevitable.

Usually, Yuki onii-sama was calming everyone.

Though the other representatives could be seen around, Yuki onii-sama had been managing the school alone.

His wife, Seraria-sama, showed her face every one or two days.

If I know that my onii-sama is coming back, I had no need to be shocked.  
I had to help Aslin and Philia.

(Vilia)「Hey!! Stop crying everyone!! That's something Yuki-sensei hates!!」

After I said that loudly, everyone stopped.

(Vilia)「Aslin just said it. He has an important work today. So let's study hard, and have a good praise tomorrow. Yuki-sensei would be in trouble if he heard you cried the whole day. 」

(Kid)「... If you work hard, he will praise you?」

(Vilia)「Of course. Sensei is kind, don't you think?」

(Kid)「I know!!」

(Vilia)「Therefore, let's work hard. 」

(Kid)「Yes!!」

The person nodded this time and everyone returned to their desk simultaneously, opened a textbook, and started studying.

(Philia)「Vilia-chan!? Everyone somehow started studying!?」

(Vilia)「Well, why not?」

(Aslin)「Nii-sama said it was leisure time today and not study!? I'm playing!! I'll study when I'm being told to. 」

(Vilia)「Why is that?」

(Philia)「I do not know exactly what onii-chan meant but he said「There are a lots of things you can do now. Playing with friends, doing foolish things..... 」!」

(Aslin)「I'll just tell you, he meant studying alone is no good! Many, many things are more useful to you!!」

(Vilia)「Hmm. Then, what should I do? Everyone, what do you think?」

Since I didn't really know what onii-sama said, I tried asking everyone.

(Kid)「I don't know. 」

(Kid)「Let's play soccer!!」

(Kid)「You just did yesterday... You do that every day!!」

(Kid)「Ehh, but soccer is fun!」

They voiced different opinions.

(Kid)「..... Vilia onee-chan.... Let's use the transfer field and visit various places. This Dungeon? I don't know it very well. 」

One of the kids said that.

(Vilia)「That's right. It's a good idea. We still don't know anything about this dungeon. I got a map of the Dungeon in the last class. Let's get on a tour!!」

「「「Yes!!」」」

(Philia)「Somehow, Vilia-chan is reliable. 」

(Aslin)「Yes, like nii-sama. 」

Aslin and Philia praised me.

(Vilia)「I'm glad you said I'm reliable like onii-sama. I'm sure in the future, I will be a great lady4) Lady was the word used by the author in Katakana that will be useful to onii-sama. ! Will Aslin or Philia contact the representatives?」

(Aslin)「Yes, but why?」

(Vilia)「Because, if they come to see our situation, and they can't find us, it will make a fuss. And we also have to consult about lunch and other matters. 」

(Aslin)「Yes, you're right. Wait a minute. 」

Aslin was using Call to contact someone.

That skill seemed to be usable by the representative. Of course, onii-sama could use it too.

I was a bit envious of Aslin and Philia.

They seemed to be together with onii-sama since forever when I met him.

Oh, for now, I had to prepare thoroughly.

(Vilia)「Please everyone put a bottle of water, your name tag, and your identification card properly in your backpack. We may also go to Super Lutz so let's bring some money. 」

With my explanation, everyone went back to their room to prepare.

Every child made a happy face. This sight would seem like a lie before coming

here.

(Vilia)「Really, like a dream ... 」

I am Vilia.

I was living in the slum of the Royal Capital of Rochelle.

I could only remember a little of my parents.

However, they were kind. Both my father and mother were warm.

But before I noticed, I became alone.

Driven out of the house, I joined people and we had to support each other.

Hungry everyday.

At that time, I begged to live, looking for something to eat.

The slum had a group of children.

The children who tried to live often resorted to thievery and became criminal.

But a child who had to do that in order to live was still earnest.

But, most of those who could not bear the hunger and resorted to crime didn't return alive.

(Hiiro)「..... Hey. Vilia onee-chan. Onii... won't move?」

Hiiro grasped me and asked.

In front of our eyes was our elder brother.

Even if my brother was the leader of the group

And we had no actual connection. For us, it was enough.

Everyday, he had desperately collected food that he shared with all of us... He was a good brother.

Our brother was hugging tightly the bread with both his hands but he wasn't moving.

No, he was already dead.

On the wall in the other side were traces... of blood...

(Vilia)「Brother is just a bit tired. Let's put him in the bed. Because brother brought bread, can you put it in the basket Hiiro and share it with everyone. 」

(Hiiro)「Yes. I understand. 」

Hiiro went Patapata5)SFX : Walking and took the bread away.

The vibration made brother slump on the ground. Blood tainted the wall.

... Where did you steal that bread?

I can't stand it. Naturally, in the end we're criminals... But it's sad.

I buried brother's dead body in a place where the other brothers slept.

Now, I became the leader of the group.

If we didn't get any food, everyone will starve.

At that time, my head was full with such things.

So, I wasn't afraid of the fancy clothes and the sword in front.

For the sake of tomorrow, I stretched my hand to grab foods.

(Seraria)「Ara? I guess that thief has quite the guts, doesn't she?」

It was my encounter with Seraria, and the premise of my travel for the Dungeon.

While I was brought by Seraria, I heard various stories.

I couldn't die in such a place, so I answered obediently, trying hard to please her into a good mood.

And when our talk ended, Seraria-sama said.

(Seraria)「Say, Vilia. Why don't you come with us and bring the other children along?」

(Vilia)「Eh?」

(Seraria)「There's just a little work for the children. If you come, you can eat meals properly. 」

(Vilia)「Work... Will you give us?」

(Seraria)「Yes. Hopefully you will get to a place where orphans like you can live properly. Doesn't that sound good?」

(Vilia)「Ye-yes!! I will tell everyone ! !」

(Seraria)「Wait, just a minute. You!!」

(Soldier)「Ha ! !」

(Seraria)「Follow Vilia and buy some food with these money. If a kid holds the money, it will get stolen, so accompany her for a bit. You should keep it firmly. 」

(You)「Ha ! ! Let's go. 」

(Seraria)「..... Kur, the number of orphans is abnormal. With this number of people, it would be impossible to cover them all... 」

(Kur)「... That's a thing, but the minister Loire grasped the money related to helping the orphans.

..... 」

(Seraria)「That low life!! Check it as soon..... No, I'll strike him. You come along. Because we have to depart tomorrow, let's clean up and seize him today. If he resists, let's cut him off. 」

(Kur)「Hey!? How are you going to cleanup!?!」

(Seraria)「I will leave it to Aria ane-sama. If someone can do it well, it's her. 」

Then, I decided to follow Seraria.

(Yuki)「Okay, everyone's here? You're training today... Now, I am Yuki, I will be your sensei at school. Nice to meet you!!」

The first impression I had from Seraria-sama's husband was only so-so. Therefore, I remember that I only greeted him politely.

(Vilia)「W, well. Are you perhaps Seraria-sama's husband?? Ple-please treat me well ! !」

Since I was the leader of everyone, I squeezed the words I was desperately thinking.

(Yuki)「Ah, Seraria huh. That question is a problem～」

What Yuki-sama said had a taste of dissatisfaction.

(Vilia)「So-sorry!! Do you have any problem!?!」

(Yuki)「Oh, no no. It's not your fault. And you're the one who greeted me, are you the children's mediator or something?」

(Vilia)「Yes ! ! I am Vilia!! Please punish me if there is something you don't like!! Please forgive everyone..... 」

Before I was done with my sentence, a hand was put on top of my head and I was shivering.

(Yuki)「Sorry if I scared you. I want to get along with everyone. So I won't punish. 」

Yuki-sama bent his knees to fit my height.  
At the same time, he moved his hand lightly and gently stroked my head.

(Yuki)「Viria is excellent. You did that for everyone. Much more excellent than I am. 」

(Vilia)「Eh?」

(Yuki)「Therefore, don't exert yourself so much. From here on, I will protect you. 」

(Vilia)「Ah, ah..... 」

The words sank into my body, my eyes brimmed with tears that I couldn't stop.

(Vilia)「AaaaaaAAAHHHH..... ！！」

(Yuki)「Cry cry, let it all out. You tried too hard with this small body. Seriously... It's way different than my childhood. 」

(Vilia)「Everyday, everyday , nothing to eat... My brother... and... I... did... best..... 」

(Yuki)「I understand, I understand..... Wait, you all!?」

Everyone started crying as I cried.  
From here on, onii-sama desperately wanted to get along with everyone.  
We stopped crying now, because we had a lot of fun things to do and we could eat meals.

Then, days like dream began.  
Everyone could go at the school, and we could all live together in the dormitory.  
A house, a roof, a bed? Everyone had something prepared, and we could all eat meals together.  
And we could study and play everyday at the school.  
Just like onii-sama said, a lot of fun things.....

(Vilia)「Even if it's only one week... It feels like I have been here since forever. 」

Eating a bento from Super Lutz with everyone at the park , I was thinking. Everyone who had already finished his meal was playing in the park. Among them, Hiiro suddenly noticed me and...

(Hiiro)「... Vilia onee-chan... Fubee!?!」

He ran to me and fell down.

(Vilia)「Are you okay!?!」

Before I could extend my hand, an Oji-san<sup>6</sup>)Old man who was in the park was unexpectedly helping Hiiro.

(???)「Are you okay?」

(Hiiro)「... Yes. Thank you. 」

(???)「It's awesome, you didn't cry. 」

(Hiiro)「... Yes, I'm a strong child. 」

(???)「Ah, how tough. 」

That way, the oji-san smiled happily and looked at Hiiro.

(Vilia)「Ano, thank you for helping Hiiro. 」

(???)「No no, it's only after he fell down. I only helped a little..... 」

The Oji-san had a clumsy look on his face.  
Everyone around me watched worriedly.

(Hiiro)「Thank you very much. I am okay everyone, so let's play. Well, oji-san, see you again. 」

(???)「Oji!?! Just wait a minute. You, do you like this town?」

The oji-san asked something with a serious expression.  
But, the answer was already decided.

(Vilia)「Yes, I love it. 」

When I answered immediately, the oji-san's smile transformed into a marvellous expression...

(???)「Okay, thanks. 」

Saying that, he went out of the park.

So yes, I wondered if this oji-san was one of the immigrants who had come together with us?

(Yuki)「Oh, you were in a place like this Crack. Because you took a break from the meeting, did you get lost by yourself wandering around?」

(Crack)「..... Yuki-dono. Please, use me to protect this town. 」

Afterword of the author

For a moment, the viewpoint has gone a bit apart, the passage of time was slightly later than the previous talk.

The school has a slightly different function than the school we know Ahah.

And I told you I would take a day off yesterday, but it's a lie!!

Well, when I start to write I just can't stop, that's too bad.

# Chapter 66 - Give Us Money?

side: Yuki, real name: Kazuya Torino

(Seraria)「Then, maybe we can accept around 400 to 500 people a week?」

(Lutz)「Yes, thank you for that. The way of screening will be the same as before..... 」

(Crack)「Yes, let me and Dest be the intermediary. 」

Well, after the lunch break I was studying the future schedule.

Oh, do you think Ritea would come to attack?

Fufufu, those worries are unnecessary.

Now Ritea was directly connected to the Dungeon.

While I was moving by carriage toward Ritea, I watched for the chance to make a relay point for the Dungeon.

This Dungeon was a way to join that place.

Through the gate, I connected the Dungeon to the Cathedral's Dungeon.

Furthermore, The gate in the Ritea's Dungeon had strict requirement, you couldn't pass unless you were a representative and you had a specific item.

So, even if Ritea attacks, they can only say goodbye at the Dungeon's relay point.

However, because of the Dungeon's field effect, magic power and skills couldn't be released, so the possibility of a problems arising is almost none.

The ones guarding the relay point at the new Dungeon were the Blood Minotaur from the former one and Orcs..

Well, as they were free, they were usually only doing field labor.

No, they liked tomatoes so they had begun to raise them with pleasure.

The Orcs seemed to be pleased since the place looked like their homeland.

The Dungeon was around 4 square kilometers, with a farm and the gate.

Someday, the Dungeon will be filled with good vegetables!! My followers were especially motivated.

What a wonderful farming soul, but weren't you basically carnivorous? Being able to eat vegetables, you were omnivorous!!

Oh, I also had the revised pill bug plow the field. The revised pill bug had a big success here!!

By the way, the blood minotaur was 「Mino-chan」, and the leader of the orcs was 「John」.

The one who named the monsters was Aslin.

It's not that they would become stronger with a name. But Aslin would be sad. So I left her with the naming.

By the way, all the new monsters now had received a name from Aslin.

I can't remember all of them, because they are more than 1000 of them. But she could remember all of them. Does she have talents as a monster tamer or something?

I couldn't remember the names, but according to Mauve, the 「Named monsters」 were stronger than normal ones. But looking at Aslin, it was unlikely. In other words 「It didn't become strong because it has a name」but「It was strong so it was named」.

Because, the Blood minotaur was already level 96 when he had received a name so he already had ridiculous strength.

And the moment Aslin had said 「Mino-chan」it had appeared into its status so I think the monster himself accepted the name.

..... However, I had no spare time.

(Lutz)「..... Then, let's talk about the aid funds for this time, we will receive no less than 10 000 people. I'm sorry in advance for the huge amount I'll be asking. When Seraria-sama came to our place, she brought 400 white gold coin for management's operation. There are 355 people. Moreover, with this amount, it's impossible to arrange a residence for all of them. That's why, I would like to have no less than 20 000 white gold coins. 」

(Alshtail)「Please wait a minute!? That amount is not possible!! That is one tenth of the annual national budget. Such an amount..... 」

(Seraria)「Ara, Alshtail. You're ignoring your opponents. I wonder if you want Galtz and Rochelle at the same time?」

(Alshtail)「Seraria-sama... I insist for that amount, but war, that's something that must not happen, definitely. Was it not something Seraria-sama wanted?」

(Seraria)「Ah, whatever. You don't care. Here I am trying to find the best plan to save your people from starvation, but here it's just impossible. What to say? I can go to the other Dungeon and crush Ritea in one go? It seems that it's just under the cathedral. Shall I take control at once? Alshtail, I think you are misunderstanding something. The only thing you have to think about is how you are going to convince Ritea. 」

(Alshtail)「Ug..... 」

(Seraria)「If you can persuade Ritea, you can live your future without problem. If they don't accept, your status in Ritea is already insignificant. 」

I was dozing off as the conspicuous representative Seraria was doing the negotiations. But don't go on a rampage Seraria.

Alshtail was desperately resisting, but she wasn't in the position right now.

With the matter of Herge as a shield, all the foreign countries would become their enemies at once.

And as Seraria said, the Dungeon could easily become a problem for them.

Well, our actual request was a bit unreasonable.

Because they'd be relieved that the refugees who left from other countries would be transported here.

But then, moving 20 000 white gold as a mean of aid and support.

Alshtail had no choice but to nod before the dual meaning of Herge and the Dungeon. But the upper echelon of Ritea wouldn't be convinced that easily without seeing the actual place.

Then, do we reach for the compromising point?

(Yuki)「... Fumufumu, Seraria. The upper echelon of Ritea won't be convinced so easily. So why don't we let them have the time to look over the request?」

(Alshtail)「What, you called Seraria-sama without honorifics!? You rude person!!」

(Seraria)「The rude person is you Alshtail. What's wrong with a husband dropping honorifics when addressing his wife?」

(Alshtail)「Hu-husband!?!」

Oh, right, she only saw Kiyu out there, so Alshtail didn't know that I was the genuine one.

I had totally forgotten.

(Yuki)「That was rude of me. I am Seraria's... Fiancé... 」

(Seraria)「Husband!」

(Yuki)「... I meant husband. I am Yuki. 」

(Alshtail)「Eh, you have the same name as Yuki-san?」

(Yuki)「No, his real name is Kiyu, he is my otouto<sup>1</sup>) Younger brother born from another mother. Since this time was special, I had the best fighting power go out. Regarding the name, it's for safety. 」

Well, how could my lie come out so readily?

Kiyu's status was high, in this Dungeon, he was one of the 10 strongest.

It was because I could only reveal my hands bit by bit.

(Yuki)「With this my explanations aren't over. This time, let's talk about how you will convince the highest level of Ritea. 」

(Alshtail)「..... What do you mean?」

(Yuki)「Here is what I meant. The upper echelon will not be convinced that you are going to spend a lot of money to save the children, so they won't consent. And to convince them, we will use the testimony of Seraria and Alshtail-sama. 」

(Alshtail)「That's right. 」

(Yuki)「So, how about you say that to the opponent who cannot be convinced? 「I decided to negotiate with Seraria. A party of the opposition should be ready to capture the Dungeon at a fixed date. 」」

(Seraria)「Well, that's a good idea. With that we would incidentally take care of the garbage from Ritea, right?」

(Alshtail)「Well, that's ... 」

(Yuki)「In this way, the opponents who can't be convinced would notice their recklessness and will prioritize their survival. With this, the aid will be decided, and the costs in military expenses can be cut down, don't you think it's wonderful?」

(Alshtail)「I, I'm afraid that if I step out of my place in Ritea, I would get

caught... 』

(Yuki)「That's why, if I put Kiyu as your escort, I don't think it will be a problem. How is Kiyu compared to the talents of Ritea?」

(Kiyu)「Umm, I felt like I didn't see anyone that could compare to me. That being the case, someone up to Delille-san is even out of question. Of course Nii-san as well. 』

(Alshtail)「Wait ! ? Kiyu-san isn't the strongest!?!」

(Yuki)「No, he has the greatest war potential? But I haven't told you that someone had the highest class here?」

(Seraria)「Fufufu.... Alshtail. Stop haggling about my husband's partner. And also, there is not only a disadvantage in stepping back, but don't you think that there is a lot of advantages too?」

(Yuki)「Ara, did it come to light?」

(Alshtail)「What do you mean?」

(Yuki)「The one together with Lulu, Kovil. 』

(Kovil)「Fue, me?」

(Yuki)「No, we're not just talking about Kovil who is drinking cola and eating cookies, but the whole tribe. 』

(Alshtail)「The fairies!?!」

Alshtail noticed what I wanted to say.

(Yuki)「That's what it is, exchanges with the fairies through Lulu. In other words, if you have this gate, you can easily obtain items from the Fairies. Of course, you can also export items you see in the Dungeon. 』

(Alshtail)「I understand, people are bad. What I wanted to mention first..... 』

(Yuki)「It'll be a problem if you get confused. I'd like to show you that we stand at the top, and we can easily crush your fighting power. 』

(Alshtail)「..... Why?」

(Yuki)「Seraria said it, but in this place where the residents live for other

residents. A silly person with strange thoughts isn't welcome here. If the negotiations are bloodless, then the probability that the silly person who doesn't know of our force comes here is very high. 」

(Alshtail)「... Do you want to shed blood?」

(Yuki)「It would be certainly more reliable than going bloodless. This is only a suggestion of what would happen if the law isn't followed. Well, think of it as an upfront investment. There's a high possibility that going bloodless would bring yet another political strife and dissatisfaction. That's why, it's a necessity to show Alshtail our strangeness so that we can prevent blood from flowing. 」

(Alshtail)「So in the end, soldiers will die. 」

(Yuki)「It's my job to reduce that as much as possible. It's to persuade the silly persons that challenging me is stupid. 」

(Alshtail)「..... Understood」

Alshtail muttered with disappointment.

There are a lot of things that she doesn't know, and yet she tries to worry about the world?

After this it was discussed how Alshtail will talk with the upper echelon in the same way.

Well, I hope the sacrifices would decrease.

But if they decreased too much, I guess I would somehow end up dissatisfied

Then, I should go ahead and prepare the traps.

Oh, there was the Dungeon's field too... Let's pray that it wouldn't get destroyed.

=====

Afterword of the author

So, a battle will be performed at the Dungeon after a long time.

Now, the beginning of the carnival!!

# Chapter 67 - The Wife Tends To Prefer Battles

Side: Seraria

(Seraria)「Now, let's show our strength to those fools!!」

「「Oooooo!!」」

A roar rose as I shouted.

Before our eyes was the opposition for trading from the Holy Country Ritea's side.

I decided to catch all of them, those 5000 foolish people.

(Kur)「Tell them about Seraria's unit. Show the pride of our force!! Here are 30 people and 150 demons. But this is the main unit!! Show them our strength, to those monks of Ritea!!」

Kur further encouraged the troops.

We're the defense unit of this dungeon's relay point of 4 square kilometers inside the Holy Country Ritea and we were now about to start the hostilities. In this battlefield, there was no support from Yuki's traps.

Because I judged that I would receive criticism if I didn't crush them from the front.

As I said, we would fight fairly and win.

As I said, we would fight without the Dungeons help and win.

And so on. The idiots who tried to escape reality found stupid excuses. Such as.....

(Ritea's commander)「She is Seraria!! Arrest her!! After all, the strengths of this woman are just exaggerated rumors ! !」

The barking idiot who led 500 people started his advance. He had some nerves.

(Delille)「Well, Seraria. What shall I do? Shall I stay idle before that idiocy?」

(Seraria)「Delille, nothing will happen here. Aslin and Philia. You should go over there and help their team. Because it's the end if someone without the Guardian Appointment is caught. 」

(Delille)「Aslin and Philia already have Yuki. Shall I look at the whereabouts of Ellis's group?」

Currently one of the highest strength in the Dungeon. Delille leisurely crossed in front of the enemies.

Mauve's group had a status of adventurers, but in this battlefield, they acted as hired.

They also had lost their family because of those idiots.

They are under the Guardian Appointment so the three of them should probably be okay.

But, why was Delille crossing in front of the enemies?

(Ritea's commander)「Capture that woman!! It's an offer that everything might become free in the Dungeon!! I promise 3 white gold coins to anyone who can present that woman before me!!」

Oh, not good.

Therefore, after the words of the commander, the enemies swarmed toward Delille.

(Delille)「Haha low-life!! If you want to be of Mine company, I hope you can be a bit gentler!!」

Delille, with her washed pure white dress, clenched her fist. She then jumped beautifully and neatly disappeared in the middle of the enemy line.

(Seraria)「We're unlucky!? Follow Delille!! If we don't hasten..... 」

Doing so, I rushed my troops...

「「「GiyaaaaaAAaaAAaAa」」」

From the spot where Delille landed, enemy soldiers flew in the air. Mou, she's simply a monster, to blow humans like that.

(Ritea's commander)「Wha-what's going on!?!」

The foolish commander was surprised.  
The led soldiers who didn't understand what was going on stopped on the spot.

(Ritea's commander)「Foolish people!! Don't halt in the battlefield or I'll take your neck!!!」

I finally reached the enemies and began slashing the soldier's necks as I ran through.

(Kur)「Follow Seraria!! As you can see, our enemies are mere soldiers!! Don't forget the training you had everyday in the Dungeon!!!」

Kur also led the troops as we annihilated the crowd.

(Seraria)「Hey hey!! Where's your authority from a while ago!!!」

I accelerated, dashing forwards with my sword.  
Still, it was different than my former sword.  
This sword was a supreme one. With all the knowledge Yuki brought regarding Japanese swords, and thanks to the fairies adding enchants to it, the sharpness and durability were to another level<sup>1</sup>) this is not a katana but a western sword with katanas forging techniques, something like a Damascus steel sword .

(Ritea's captain)「Ku!? Put the shields in front!! Don't play around!!!」

A man who seemed to be a small captain ordered instructions to his subordinate and pushed his shield in front of me.

(Seraria)「That's judgment... not bad!!!」

I put my hand on the other sword that was hanging at my waist.  
My beloved sword leaned on the ground as I unsheathed the Katana.  
Yuki told me the fastest swordsmanship unique to Japanese swords.  
And this katana was the best sword to match this swordsmanship.  
Infusing magic in the sword, the enchant that was akin to lightning increased the sharpness of the sword. There was almost nothing that I couldn't cut. !

(Ritea's captain)「She's striking!! Surround Seraria with your shield!! Skewer her with the spears... eh?」

I was returning the katana to its sheath and grabbed once again my beloved sword that was on the ground.

(Ritea's commander)「You guys, how..... !!?」

Suddenly, a sound echoed.

Looking back, 5 to 6 shield and two dead bodies were lying on the ground.

(Seraria)「I feel bad but I don't have the time to explain. I need to hurry or Delille will have the biggest part of the cake. 」

With a single slash, I cut down the opponent who had yet to grasp the current situation.

All the soldiers who saw the scene uniformly distanced themselves from me.

(Seraria)「That's not like me to kill enemies who aren't motivated. But you won't live to see another day. 」

Thus, I thrust into another enemy again.  
I was merciless, even to those who ran away.

..... For all my people who grieved and felt sadness!!  
Those foolish persons of Ritea who associated themselves with Loire and tried to instigate a war.  
I had no reason to leave any of them alive!!

(Delille)「Geez, thou caught up Seraria. 」

(Seraria)「Seriously. I would have never thought that you could act this way. 」

(Delille)「What art thou talking about? Trying to help the others, I was intercepted. 」

As we went forward, we finally caught up with Delille.  
There was no one standing around Delille.

(Ritea's commander)「Yo-you bastard, who are you!? Seraria is enough, this is nonsense!!?」

The barking commander from earlier cursed here.  
If you had that leisure, you'd better watch your surroundings and begin thinking of retreat.  
From the 500 people of the enemy's vanguard, only 50 remained.

(Delille)「Thou art irresponsible. Thou cannot seest. Because I am the Demon King. 」

(Ritea's commander)「Idiot, don't be ridiculous!! Why would the Demon King stand for Rochelle!! The only things aimed by the Demon King is destruction!!」

(Delille)「Cutest thee comedy, I do not have to answer thou request. 」

On Delille's temple could be seen a blue vein.

I had already heard her circumstances, but she was no different than an ordinary girl.

「「「UwaaaaAAAAAA ! !!!」」」

At that moment, after she had announced her status, Delille used her skills to annihilate the rest of the soldiers altogether.

Leaving none behind except the commander.

(Delille)「Hey, thou opponent, princess Seraria hath arrived. I have cleansed the area. Even though thine neck art easy to take, The morals of I are still there. 」

She brought the beaten commander before me.

(Ritea's commander)「Guh... 」

The disgraceful commander was clumsily rolled to my foot.

(Seraria)「Stand up. Or else I'll kill you.」

(Ritea's commander)「Don't be haughty!! Even if that woman's level is high, my level is high too!! My level 49 will bring me victory..... 」

The later words didn't come out.

Because his neck was slashed.

I leisurely returned my sword to its scabbard.

(Seraria)「Oh right. My level is 122. 」

Whether my voice reached the slashed neck or not, his eyes opened with a look of surprise.

While you guys did nothing, we had leisurely leveled

Regardless of skills, you were already far behind.

And everything was thanks to Yuki.

Well, my ability had gone too high, it took me a while to adapt.

(Kur)「Seraria killed the enemy general!!」

「「「Ooooo!!!!」」」

A roar rose from my unit.

(Seraria)「What damage did our unit receive?」

(Kur)「Ah, three heavily and 5 lightly injured. 」

(Seraria)「The severely injured have to retreat from the battlefield. They have to receive treatment. The persons with lighter injury can recover with a potion. 」

「Ha」

The messenger disappeared backward.

Well, how should we move from now on?

(Delille)「Seraria? The enemy finally moved their main force. 」

(Seraria)「That's right. They wouldn't expect that their vanguard would be annihilated in such a short amount of time. 」

(Delille)「On the road to Ellis's group I shall go. Mine utmost worry is about them. 」

(Seraria)「Oh, you aren't worried about my husband?」

(Delille)「What is there to worry about? Since even I can't be his opponent?」

When she said that, Delille flew towards Ellis's group.

(Kur)「What should we do Seraria-sama? Should we await the next confrontation?」

Kur asked for future plans.

(Seraria)「Generally, a defense shouldn't move to meet its opponent. But what do you think Kur? Looking at the result from the previous battle, and watching the 5000 veterans in front of us?」

(Kur)「Ha, I'm not afraid. They are our enemies. 」

(Seraria)「What is your reason?」

(Kur)「That's thank to Seraria-sama, Delille, the left wings with Ellis's group

and Your husband Yuki on the right wing. How shall we worry about defeat?」

(Seraria)「Alright. The directives!! Well, how did you use that?」

I tried to remember how to use the radio I borrowed from Yuki.

(Seraria)「..... Let's see, what if I press that..... 」

(Seraria)「... Etto, this way?」

(Seraria)「Yes, with that I can speak with him... 」

(Seraria)「The directives. The enemies began their march so we are advancing in their direction!! I'll crush them head on!!」

When I spoke that as I pushed the radio's button, and answer rapidly came.

(Ellis)『Here is Ellis from the left wing. Understood. We are ready to march any time. 』

(Lutz)『Seraria-sama, that's fine. What about your damages? I have the feeling that you won..... 』

The question came from Lutz.

Oh, it's bad, bad.

I had to report it properly and raise the morale.

(Seraria)「I forgot to mention. There is no damage to the main unit!! There are a few injured, but no deaths!! It's our victory!!」

『『『Oooooooooo ! !!』』』

Roars echoed from the radio.

Yosh, it was fine now.

(Seraria)「Then, what about the right wing?」

(Yuki)『There is no problem. Seraria and Delille met the vanguard first. Are you alright?』

(Seraria)「Oh, are you worried about me?」

(Yuki)『It's natural. There is nothing like absolute safety in this world. Don't be overconfident. If you think it's dangerous, back up quickly. ? Originally, I could finish things by myself..... 』

(Seraria)「About that, haven't I explained everything properly?」

(Yuki)「Well, I know. That's why I brought this fight. Just as you said Seraria, we are ready to move forward and crush the enemy troops. 」

(Philia)「Seraria Onee-chan ! ! It was amazing!! It was cool!!」

(Aslin)「Seraria ane-sama!! That was really cool!!」

「... Seraria's amazing. 」

Following the voice of Yuki, I heard the voices of the cute Imouto2) Little sister.

(Seraria)「Thank you. Don't overdo it you two, okay? Listen to Labiris and Yuki. 」

「『Yeess!!』」

(Seraria)「Yuki be careful, do not let those two be injured. 」

(Labiris)「No needs to tell me. 」

(Yuki)「Leave it to me. 」

I turned the radio off.

After that, I just waited for the signal to advance.

(Kur)「Seraria-sama. Let's announce the march. 」

Kur said to me and returned to the back.

Now, the real things would start.

(Seraria)「Tell the whole army!! March forward the enemies and begin the main battle!! After we start. 『Annihilate』at your own judgment ! !」

「『『Oooooo!!!!』』」

Be prepared, fool.

I was ready to completely crush you!!

=====

Afterword of the author

Seraria is rushing forward.

Delille's dignity seems to be satisfied.

Yuki was satisfied with the current data.

Still, it was just the beginning of the battle.

# Trap 3 - An After Work Drink.

Preface of the author

It was a long time! A trap before the next chapter.

Don't skip them okay?

side: Millie

(Millie)「Puha~!!」

The feeling of having a beer in the bath after work is unbearable!!

I worked hard today again!!

This is a reward for my hard work!!

Yebisu beer ! 1)

(Lutz)「But, this drink is really amazing, isn't it~?」

Lutz said that while she drank her beer.

We were both hiding our body with bath towels as we sat in the bath.

(Riel)「I am afraid that I'm not good with the feeling of bubbles. 」

(Kaya)「Me too, I prefer Japanese Sake. 」

Riel and Kaya had already changed into their yukata, and they, and were relaxing with a drink.

(Ellis)「I think wine is good. Especially white. 」

(Tori)「I am also part of the wine faction. Well, more of the red one. 」

Ellis and Tori also declared being part of the wine faction.

(Millie)「No, you know, what is everyone talking about? Because any kind of alcohol is delicious. However, beer is the best in the bath!!」

I could only concede this much.

(Lutz)「That's also a part of your hobby I guess. As one would expect of Millie, she doesn't only drink whiskey. 」

(Millie)「Well, I already drank whiskey before in this place and I was smashed. 」

Yes, it was good to have whiskey or another highly charged alcohol, but it seems that when your body is warm, it is easier to get drunk and fall dead asleep.

That's a shame, but at that time, I seem to have been carried by Yuki-san to my futon, I can't remember.....

(Millie)「What about, Yuki-san?」

(Ellis)「No, isn't it common sense to face the ladies in hot water?」

Ellis quickly answered.

(Lutz)「Yeah, I get it. But do you think he would get embarrassed to see our nine bodies naked?」

Lutz answered that.

Rather, weren't you the one who wants to see him?

I didn't want to lose to you in term of sexual desire.

(Ellis)「Well now, why are you talking about him?」

(Lutz)「Oh, that's because. Dinner is over, and it is already the time for Aslin's and the others to take care of him..... 」

That said, Ellis looked at her clock.

It was currently 11 pm.

(Millie)「Mou, are they resting?」

(Ellis)「Yes they are. Regardless of Labiris, that should be the limit for Aslin and Philia to stay awake. 」

(Lutz)「Those two are important for Onii-san. Well, for us too nonetheless. 」

That's right, the smiling faces of the two girls were really helpful since the Dungeon's busy time.

I didn't want to see any more unhappy eyes, I want everyone to remain happy.

No, that might not be the case.

Yuki-san had to shoulder our burden as representatives.

Aslin and Philia were still a bit far from understanding, but they were also representatives.

Yuki-san, are you a criminal?

Even though both agreed for Yuki-san's sake.

The silence continued for a short while.

Bit by bit, I was savoring the alcohol from my glass.

It was a good time.

(Lutz)「But that's how it is. The alcohol is good but the sides dishes are also great. 」

Lutz unexpectedly opened her mouth.

(Millie)「Right. Especially when the food suits the taste of the alcohol, don't you think?」

(Ellis)「But you already ate dinner, no?」

(Riel)「It goes to different stomachs like the ladies say, there's a separate place for dessert, Ellis. 」

When I agreed, Ellis objected and Riel said it was no problem.  
Well, I was also having a dessert to accompany my drink.

(Yuki)「Oi. Are you all coming out of the bath?」

Yuki-san's voice could be heard from outside the female dressing room.

(Lutz)「Hai. I am going out, onii-san. What is it? If you want to enter the bath, want to do it together?」

(Yuki)「No, no. I just have something for you, so I'll only enter a bit. So don't get out for the moment. 」

(Lutz)「Oh, sorry. We're having a drink here. 」

(Yuki)「I see, as I expected. Everyone, you're not naked right?」

(Lutz)「Yes, it is okay」

(Yuki)「Then, I'll bother you. 」

That said, Yuki entered.

Along with a sweet smell.

Ku!?

What was that smell!?

A good fragrance that seemed to perfectly suit the alcohol!!!

(Yuki)「Fufufu, it's from my hometown, Japan. We usually take it to accompany sake. Look here!!」

Several pieces of squared pottery with dishes were placed on the small table at the changing room.

What were these dishes?

Skewers with meat were lined up, they brought a nice smell.

But they were small. It seemed that the shape could be swallowed in one bite.

(Yuki)「This is called『Yakitori』!! The typical ones with chicken skin!3) Author made a play of words that I don't really know how to adapt for English. he said Daihyou wa Torikawa. Daihyou means representative. And Torikawa means Chicken skin... So the author almost said Representative Tori as she loves meat ! And peach!!」

He pushed two dishes at the same time.

Both had a strange sauce poured over them.

(Yuki)「This sauce. Well, the foundation of sake is salt, so have a taste here. 」

Everyone, without any doubt, reached out for the Yakitori.

「「「Huh ! !?」」」

De-delicious!?

No, originally the taste was strong.

However, because of the alcohol, all the richness of the taste was displayed!!

Alcohol was flowing.

The sound of the alcohol going down the throat could be heard.

Everyone downed 4 glasses in no time.

(Yuki)「Next is Sunazuri4)Tuna on skewers. It's crisp. This is also salted, so excuse me. 」

This is delicious!!

(Yuki)「Chicken tenders, Liver, Tsukune5) Tsukune is a Japanese chicken meatball most often cooked yakitori style and sometimes covered in a sweet

soy or yakitori “tare”, which is often mistaken for teriyaki sauce , Negima6) Yakitori with chicken and onion , Ikayaki7)Grilled squid, Shishamo8) It’s the name of a fish!!」

I thought that all of them were good with the exception of the mixed chicken. Before anyone’s surprise disappeared, I was the first to act and took another kind of yakitori.

Gatsu Gatsu, gokugoku, pakupaku, ngungu9) Sfx for eating!!

Yakitori are delicious, Alcohol too!!

「Puwa~ it was delicious. 」

「It really was. 」

Everyone looked at the empty dishes with such feeling and further poured sake.

(Millie)「Nahaha. Yakitori tastes the best with alcohol. 」

「Yes」

(Lutz)「A wonderful food culture. From onii-san’s hometown. 」

(Yuki)「Well, clean up and sleep. Don’t drink too much or you’ll get a stomachache. 」

Yuki-san spilled those words and left.

「「「.....」」」

Everyone looked at each other’s stomach.

That reminded me, every day since I had come here, I ate until my belly was full and drank until I slept.

(Riel)「... No problem. I am exercising. 」

Riel said, as she was still drinking alcohol.

(Tori)「In that case, I am also good. 」

(Kaya)「... I too. 」

Tori and Kaya, the road work faction, were also keeping the path.

(Lutz)「..... Even if I eat, I don’t gain weight. 」

(Ellis)「Hey!? You traitor!!」

Ellis after she heard everyone retorted while throwing her drink as a punishment.

(Lutz)「Well, I do plan to do a lot of exercises in the future, so there is no problem. 」

Lutz said as she drank.

Thus, everyone had a few more drinks.

# Chapter 68 - Protect The Important Place

side : Ellis

(Seraria)『Tell the whole army!! March forward towards the enemies and begin the main battle!! After we start. 『Annihilate』at your own judgment ! !』

Seraria gave out here instructions.

Now then, we were reaching the final battle.

(Ellis)『Now the time has come for the right wing to join the main unit and the left wing at the front and crush our enemies!!』

After my speech, the 140 members of the right wing began to move forward. Our troop was mainly composed of monsters and a few volunteers. Although they had met us for a period of only 2 weeks, some of the immigrants from Rochelle showed their will to protect the Dungeon and offered their cooperation.

That was 30 people, merely 10% of our force but very encouraging.

It was a pity that most of the 30 people were men, they were taken out from the workers. A few women still volunteered, however.

These volunteers would be taken into the military of the Dungeon after this fight.

Originally, the different members of the representatives with our increased levels were enough.

We accepted uniformly the participation of the volunteers.

We had the future of the Dungeon in mind.

(Lutz)『Now, all of the volunteers. Your role is to follow and assist the monsters. It's because they are stronger for now. 』

Lutz spoke to the gathered volunteers.

(Riel)『Because everyone had only raised their levels in the compulsorily training in the Dungeon, your skills are still lacking. Your status are stronger than the enemy soldiers, but that doesn't mean you are stronger than them. Leave that to us. 』

Riel also explained with a very cautious voice.

Yes, we weren't the only ones who had leveled using the functions of the Dungeon.

Of course, we had the priority so we first leveled to 100. However, the volunteers also reached up to level 40.

Level-wise, they were similar than the soldiers.

But as Riel said, their practical skill couldn't catch up to trained soldiers at all. An enemy soldier could defeat someone with up to half his level more<sup>1</sup>) meaning 1,5 times higher lvl.

We had to firmly protect each and everyone who tries to defend the Dungeon.

This wasn't a match, you could lose your life in this fight.

They were the people who would bear our future hereafter.

(Kaya)「... Ellis. The enemy's left wing is catching us. 」

Kaya informed me.

(Lutz)「Notice to each unit!! The right wing led by Ellis will annihilate the enemy's left wing!! Centering around the representatives, we will shave the enemy to prevent their protuberance!!」

「「「Ooooo!!!」」」

The war cry rose.

(Ellis)「Lutz, Millie, Tori, Riel, and Kaya. It's forbidden to be unreasonable. Because we can't foresee the worst, we must prevent losses without saying defeat. Please keep your calm. 」

「「「Roger」」」

Each representative would soon begin their respective fight as we would engage the enemies.

(Ellis)「Delille-san, by any chance. Were you waiting for us?」

(Delille)「I am boiling. Because I was told that I had to hold back these hands of Mine as much as possible. I will follow you Ellis. 」

Delille who was with the main unit joined with our forces.

We were almost like a set of ironclad walls.

However, the impatience in my heart wasn't going away.

Even though Lutz and the others were now high-leveled, how high was their strength in reality?

It had already been confirmed that attacks could be negated by the Guardian Appointment.

But my anxiety wasn't willing to disappear.

What if we were caught? What if the Guardian Appointment wasn't effective against our enemies?

Such ideas went back and forth in my mind.

I'm mainly acting as per Yuki-san's instruction, and he had already thoughts of how to handle many countermeasures, but still, my anxiety wouldn't wane.

Had he always fought the enemy who came to the Dungeon carrying such feelings?

Honestly, Yuki-san's traps were more than enough to one shot the invaders.

But Seraria-sama had another thought in mind. She said something along the line : It will be troublesome if they don't see the power of this place.

This place would also be a relay for the immigrants and they were defending that themselves. We could also display the might of our representatives as the fight would be centered around us.

This fight was necessary in many ways.

「Oh, Ellis. Should we signal to the volunteers unit in the back to load their bows?」

(Ellis)「Ah, okay. Bow squad, prepare!! Aim at the back so as not to involve your ally!! There are plenty of opponents, you'll definitely hit. Shoot!!」

Our allies released the string of their bows at my signal.

「「「Giyaaaaa ! !?」」」

We could hear screams coming from our enemies.

(Ritea's commander)「What!? Since when monsters can gather and use bows!? First, catch up with their vanguard!! Second..... 」

The cry of the commander echoed from the back.

「It's a success!! Riel killed the enemy commander!!」

When Riel heard the voice of the enemy commander, she rushed through the battlefield at an unbelievable speed and killed him in one slash. She could achieve that thanks to her new level.

But, Riel stood out.

She should get surrounded by enemies now!?

(Ellis)「Can someone help Riel!? If left alone she risks..... 」

I contacted the other representative with the radio.

(Millie)『Leave it to me!! I, Millie, am coming!! Millie's corps is catching up to Riel's corps!!』

Millie who was near Riel's corps joined her and they began to fight as a dual party.

(Ellis)「Can you hear me Riel!? Millie is going to support you, so try and join with her!!」

(Riel)『Okay, I got it. Yotto, but I seem to manage somehow?』

(Ellis)「Don't be stupid, I told you that foolish actions are forbidden!!」

(Riel)『Sorry, sorry. 』

Riel seemed to be surrounded, but at the same time, she seemed to have a lot of room available.

『Tori here. The enemy is retreating. Let's push forward!!』

『Kaya here. Merging with Tori. The troops opposing me were almost destroyed. I will join and cooperate with Tori. 』

(Ellis)「Understood. How it's going Lutz?」

『Lutz here. Millie's and Riel's had left a nice gift to the enemies. They are both somehow competing war potential. Here we are fewer than our enemies, it looks like we are at a disadvantage in the long run. Oups, here!!』

Currently, both Millie and Riel broke through their vanguard. They were holding the center.

Tori and Riel would soon annihilate half of their vanguard.

Lutz was holding on the remaining half.

(Delille)「Oh oh, ye are holding well. Ye clashed a thousand people with a hundred. Lutz isn't really playing an active part in the suppression, but Millie and Riel have something among their sleeves. 」

Actually, the enemies in front of us were about twice our size.  
20 people for each representative? Animals? The opposite side chose to divide their troops with stability in mind.

So even if they were a thousand foes, 300 people were in the vanguard, 500 people in the center and 200 in the back.

While I was having such thoughts, Delille watched Millie and Riel closely.

(Delille)「Can thou see it?」

(Ellis)「ah, there are many enemy soldiers so it's hard to see. But it seems that they are falling behind. 」

I couldn't reach them with my eyes.  
But from the radio.....

(Millie)『Everyone, go away from the magic circle!! I will shave off the surroundings!! Doke doke- ——-!!!!』

(Riel)『Seriously, I don't understand why I was scolded. I won't have someone else do that in my stead. Well, I'll never go easy on opponents attacking our Dungeon!!』

The troops in the center focused mainly on defense, the two girls were able to defeat the nearby opponents.

Mou, the center was already in a state of melee. The bow couldn't be used anymore.

We had to break the vanguard as soon as possible.....

「Eeeyy ! ! You're having troubles against a female of the rabbit beastman. ! Our opponents are just 20 goblins!! And our team received damages nonetheless... What a failure!!」

On the place where Lutz was holding, a bearded self-important person was shooting his mouth.

「At the very least capture that female!! If you do things well, it will be worth it!! If you look closely, isn't she beautiful... huh?」

The man was strangely looking at her chest.  
A spear was deeply stabbed on the ground.  
Someone then jumped onto the man's horse.

(Lutz)『Hahahaha. Even if you are falling in love, it's just gross. 』

Voices echoed from the radio.

(Lutz)『Seriously. When I was an adventurer and a merchant, the thought of selling my body had already crossed my mind. But now it's impossible. My heart only belongs to one person, onii-san. 』

As Lutz declared, a head and a torso fell apart to the ground.

『The surroundings are quiet. Lutz took out the enemy general!!』

「『Ooooo!!!』」

Yosh, with this our victory against the vanguard is almost settled.

(Ellis)「Can you hear me Lutz? Before you destroy the enemy vanguard, you have to recommend and see if they decide to surrender. 」

(Lutz)『Eh? We're not annihilating them?』

(Ellis)「Yes, those who are running away. But no the ones who don't show hostility aren't our enemies. 」

(Lutz)『I see. Are they living witnesses?』

(Ellis)「You're right. Even if we win beautifully, someone still has to tell Ritea. 」

(Lutz)『Okay. After that, I have to watch if they want to surrender?』

(Ellis)「Please. 」

After that, more than half of the enemy vanguard survivors threw their weapons on the spot when Lutz recommended to surrender.  
The remaining half retreated to join the central troops. Well, that wasn't even 30 people left.

(Ellis)「Tori!! Kaya!!」

(Tori)『Roger, extermination!!』

(Kaya)『I'll do it. 』

The two joined Millie and Riel after they caught the fleeing survivors.

(Ellis)「Riel, Millie, what are the damages? Everything okay?」

(Riel)『For me, three goblins have been killed. Seven can't continue the battle anymore. 』

(Millie)『No fatal casualties here, but it's impossible to continue the fight for 5 of them. 』

(Ellis)「Riel you lost half of your troops!?!」

(Riel)『Oh, you don't need to worry Ellis. The two of us are going crazy here and the enemies can't contain us. That's why, I don't have the time to report. 』

(Ellis)「Okay, maintain the current situation. Tori and Kaya will soon join you. Cooperate and annihilate the center of the opposite side. Because I'd like to avoid exhaustion, declare that you won't attack if they surrender their weapons. Just like Lutz disarmed some a while ago. 」

Now, let's break the center of the left-wing.

Since the rear unit is basically here for support or recovery, they won't go to battle.

Our current damages are lighter than I expected.

It was fortunate that our opponents didn't receive support with arrows from their rearguard.

Sand seemed to detach and float out of Riel's fighting zone.

It was like they were heading for here.

(Ellis)「Ano, Delille-san. Do you know what that is?」

(Delille)「Uh? Hou, do they intend to attack our back line with this detached unit?」

(Ellis)「..... On a plain where we have a free view?」

(Delille)「Don't say that. They have already noticed that they are being suppressed. And as things go on, they won't be able to hold down. On the

opposite, if they capture Seraria they can do what they want freely with the Dungeon. Look, isn't that what Mine talk was about. 』

(Ellis)「Ah, I understand. If they capture Seraria they can enslave the Dungeon?」

(Delille)「Yes that's it. Well, Seraria isn't even the real thing. 』

Delille-san seemed happy as she looked at the enemy's detachment. The separated battalion seemed to be aiming at the center led by Seraria.

「..... I feel sorry for our opponents. Even in the meager change, they broke the center, they absolutely couldn't capture Seraria. 』

Guardian Appointment, ring of return, and various things. But I couldn't stay on the sideline.

(Ellis)「Delille-san. Can you please do something about them?」

(Delille)「Well, is that okay?」

(Ellis)「I'll join the push. Well, there are the bows as well. 』

(Delille)「I like that. Because they are volunteers don't let them die. Well, I'm heading to do what thou asked. 』

(Ellis)「Yes」

That way, Delille flew away and crashed into the enemy cavalry. Yes, she was a Demon King.

(Ellis)「Well, let us chase too!!」

When I issued my order...

(Riel)『Riel here. The center of the enemy's left wing, crushed!!』

(Millie)『There is no crushing. Tori captured the leader of the enemy center. Millie's corps is annihilating the enemies that don't want to surrender. 』

(Kaya)『... Kaya here. The enemy's rearguard has already joined the enemy's central team. 』

(Lutz))『Well, their judgment is accurate. If your enemies reach the center, outnumbering them is a good option. Oh, Lutz here. Now joining the others. 』

(Tori)『Eto, what should I do with this guy?』

(Lutz)『I think you should cut his head off. 』

(Ritea’s general)『Bu-but, I surrendered..... 』

..... Mou, it looked like the battle was almost over.

(Ellis)「We are open minded and request your surrender. Even if Seraria-sama chases after the opponents who fled, she won’t cut someone who surrenders. Don’t make a mistake. Because we came here to beat our enemies. An opponent who surrender isn’t an enemy. 」

Well, let’s regroup with the remaining enemies at the center and the right wing. Let’s destroy them.

Ah, but if we were this early, maybe Yuki-san had already finished?

=====

Afterword of the author

Seraria doesn’t slash the enemy who surrenders.

But when someone surrenders, he also has to consider various things.

## Trap 4 - Late-Night Snack

Side : Kaya

(Kaya)「..... I'm hungry. 」

It was currently 10pm.

We had dinner at 7 and very soon would be the time to sleep.

But, I am a bit hungry.

(Kaya)「... I'm not in the mood for sweets. 」

Some sweets were stored in my room.

Crisps, chocolates, candies and so on... I was already eating them at work.

When I worked, I usually felt like eating sweets.

Oh, I think I was getting bored of them since I ate them at work.

However, it's a luxury food.

And I got tired of sweets.

(Kaya)「..... But I can't win against my desire. 」

I was unsteadily going to the kitchen of the inn.

This Inn was the building close to the representative's residence. But for us it was akin to our own house.

There were still available rooms, but we already know the layout.

I was going to the kitchen but this place was mainly used by Yuki, Labiris, Aslin and Philia.

We could cook, but honestly, Aslin's and Yuki's meals are far more delicious.

In this world there is a saying. The right person in the right place.

This is why, there's nothing you couldn't make yourself.

And then, there was mostly miso soup and rice.

I wondered if there was suitable seaweed to make onigiri?

「Oh?」

「Uh?」

「Hue?」

In a corner of the kitchen, I came across Riel and Delille.

Somehow, I thought that they were both a bit hungry.....

「.....」

「.....」

「.....」

We stayed quiet for some reason.

Yeah, this was the kind of air around us.

(Lutz)「Oya, what are you three doing here?」

(Ellis)「Aren't they the same as us?」

(Tori)「Ah, that smells good.」

Lutz Ellis and Tori came from another entrance.

「... Right. This stomach of Mine is a bit empty.」

「... me too」

「... I too.」

「What are you checking?」

It couldn't be helped, the air was like that.

「With all of us together. Should we make a little bit more?」

「Let's see, everyone can make something.」

「What was everyone planning to eat?」

「... I wanted to check the contents of fridge.」

「Me as well.」

(Tori)「Did you follow the nice smell?」

Only Tori appeared to be different.

「... What is smelling good? I don't understand.」

「I don't understand either.」

「Me too.」

「Well, Tori is a person from the wolf tribe, so she should have a keen sense of smell?」

「Maybe someone is making something in the kitchen. Let's check it out.」

Then we entered the kitchen.....

(Seraria)「Ara? Did someone call you out?」

(Herge)「Hello everyone. 」

Among the people in the room was Herge-sama and Seraria-sama. They were accompanied of their respective escorts. Kur and Oriel.

「Called us? What do you mean? We are... 」

Lutz was answering the Seraria's question and...

(Philia)「Oh, everyone is here!!」

(Aslin)「Nii-sama they are waiting!!」

(Labiris)「... He was preparing. So, we have all our members. 」

Three people got into the room from the strange door in the kitchen1) most likely this <https://en.wikipedia.org/wiki/Noren> .

(Labiris)「... Well, whatever. Yuki will be pleased. Everyone, come here. 」

Labiris disappeared behind the strange door.

After we entered, we saw something like the counter of a pub and many tables. .... And also, a bestial fragrance.

But, that whetted my appetite?

(Yuki)「Oh, you came Seraria-sama... And everyone, have a seat. Did you all join the kitchen because you are hungry?」

Yuki easily found out our feelings.

「Oh, jackpot. So, what is this smell?」

(Yuki)「Well, sit at the counter. 」

(Philia)「It's good!!」

(Aslin)「Nii-sama did his best again!!」

(Labiris)「.... You became stiff Yuki right?」

In a short amount of time, everyone sat at the counter.

(Yuki)「Well, I had a lot of faillures but is isn't the same as before!! Today is ramen! A soup with stirred noodles!!」

Yuki said that and quickly did a succession of movement.

「Hoi, sorry for the wait. It's tonkotsu ramen. 2)  
<http://thesweetspot.com.my/wp-content/uploads/2013/10/tonkotsu-ramen->

all-condiments. jpg Toppings are only onions and roast pork. 』

「Eh, what is ramen?」

「Eto, is that what you called a cup of ramen?」 they are comparing ramen with the instant kind ?」

「Oh, you make them with hot water?」

「Why did you need time to make it?」

As everyone said, they wanted to understand what exactly was the ramen Yuki talked about.

Even though they are simply delicious cup of noodles...

「Hey, silence!! A bowl is different from another cup!! The raw flavor should be savored!!」

What was different?

Both were ramen.....

Zuzu4)SFX

Suddenly, a sound echoed.

「Huh ! ?」

「How?」

「Wow. 』

「... Delicious」

「Oh, such a food exists huh?」

(Herge)「It's fresh. Chii ane-sama. 』

Delicious.

However, the taste varied between different cups.

Was it because it was handmade?

But, my hands couldn't stop.

I moved my chopsticks and ate.

Oh, less than half of us were using fork.

As everyone had seen Yuki with them and after we had thought it was convenient, we practiced and I could now use them.

(Yuki)「Well, don't drink the soup. The real thing starts now. 』

「Eh?」

Everyone stopped drinking their soup when they heard Yuki.  
Why? If noodles are gone, it's over.

(Yuki)「Okay. Second serving, hard noodles!!」

Yuki threw boiled noodles into every of our bowls.

(Lutz)「This is... Second serving of ramen ! ?」

Lutz's eyes became round as she showed her surprise.  
Oh, is that so, could we eat again?

(Yuki)「Fufufu... how great is it?」

(Lutz)「As one would expect of onii-san. But it's light!! Newly boiled noodles are moist!! So the taste would decrease if the soup becomes too thin!! The truth is, it's really delicious!!」

Indeed, as Lutz said.  
I feel it got a little thin.

(Yuki)「Just like Lutz said, it's light!! That's why, here is a special soy sauce for ramen. Try putting in according to your taste. 」

Yuki took out something that was evenly sorted on the shelf behind the counter.

This was ramen soy sauce?

I put in all my mind and tried to add some.

(Lutz)「Oh, the taste is getting stronger. 」

(Lutz)「Gulp, but it's different than the ramen onii-san brought in the first service?」

(Yuki)「This is lighter. Listen. You can only say if you like a second serving after having a second serving. This is the real pleasure of ramen. At which degree the taste becomes light and what kind of adjustment you do to suit your taste!!」

(Lutz)「How!? The seasoning is still here!?!」

(Yuki)「Oh well, the basics soup is already decided, so the taste won't be a strong deviation from that. In front of your eyes, isn't there sesame and pepper? That's why, it's a real pleasure to do the toppings by yourself. 」

Lutz and Yuki were talking but I didn't care in the least.  
Delicious.

「Second serving. 」

「Yes. 」

「Here, me too. 」

「Coming」

Such a feeling that was brought by a second serving of noodles.....

「Stomach full..... 」

「It can't be enough to fill my body..... 」

Like that, everyone fell on the counter.

(Lutz)「What about Millie? Do you know where she is, onii-san? I don't think she would miss such a food event..... 」

By the way, Millie wasn't here. I wondered why?

(Yuki)「Oh, be careful. It's easy to hurt your stomach. Millie had overeaten, you don't want to join her in the toilet. 」

Oh, she already came.

Giyurururu..... 5)sfx: stomach

My stomach... it hurted.

# Chapter 69 - Stepping On A Landmine

=====

Preface of the Author

Many thanks for your comment on Trap 4.

=====

Side: Yuki

Honestly, I made it in time.

What, you say?

There was a terrible sight in front of me.

Yes, in front of my eyes was a pile of corpses.

Most of the corpses were messed up, with heads missing.

And the worst thing was that the remains of the corpses would....

(Mauve)「Hey, Yuki. 」

(Yuki)「This was a safe hit. 」

(Mauve)「Stop it. 」

(Yuki)「Do you want to die as well?」

(Mauve)「No, they're all corpse so no one except but you would bother about their remains. Besides, it can be said you even caused everything!!」

(Yuki)「No no, the enemies are the ones who caused it?」

When I discussed with Mauve in such a manner.....

(Aslin)「Waaaaan!!!」

「「GOAAAAAAA ! !!!」」

Under the cry of Aslin, the recently powered up monsters devoured the corpses until only dust remained.

They were like fierce tigers.1) もうこえーつず Not 100% sure

(Philia)「Do not make a fool of nii-sama!!!」

Boh!2)SFX:hit!

Philia entrusted herself to anger, and with her hammer, she crushed her enemy's head when she hit the helmet.

Gross.

(Labiris)「..... Don't think you can die easily. 」

Hyun hyun!3)SFX : Slashes!

Labiris perfectly handled the Katana she had received, she purposely dismembered the enemies so as to not let them die instantly.

Mou, were you a demon4)Oni?

(Yuki)「Please I'm asking you, stop. 」

(Labiris)「... Yeah yeah. 」

Well, if we're not careful how we'd approach the center of the enemy forces. Good grief, the first encounter was a blunder.

Thinking that reminded me of the beginning of the battle.

(Yuki)「The enemy's left wing is approaching. Our center and left wings had already crashed with the front. Seriously. Against this number of people it should be a defensive battle not a head-on confrontation. Good grief Seraria. 」

I was helpless at Seraria's communication.

Even if your strength overwhelmed them, should you really be taking risks and challenge from the front?

No, I understood that you couldn't let the other side stand around.

But this action would absolutely increase the damage on our side.

Seraria's unit was still good.

As a military unit, they wouldn't forget to cooperate. So she wouldn't stick out alone.

My problem was more with Ellis, there's a chance that she would be surrounded after they crash onto the enemies.

... I think everything is about experience, but should I have made Ellis and the others gain a little more commander experience or... ?

「What do we do? Do we crash as the center and left wing did? I don't care

either way. 』

(Yuki)「No, for now I'll ask them to surrender. 』

「..... Do you want to tease your opponents? Normally, they should think that it's normal for them to defeat us, don't you know?」

(Yuki)「Well, given a little time, when they see their center and left wing getting crushed. Won't they know about our abilities? There is no need to kill the whole army. And also because Aslin and Philia are here. 』

「I understand. That you don't solely want to make fun of our enemies. 』

(Yuki)「That's right. So Mauve, Raija and I will go recommend surrendering to our enemies. Sorry Labiris and Curse, but I would like you to take care of Aslin and Philia. 』

(Labiris)「Got it. 』

(Curse)「Understood. 』

Only the three of us were now on our way to approach the enemy's left wing.

(Yuki)「I want to talk with your commander!!」

I raised my voice.

(Ritea's commander)「What is it? I will accept if you surrender? Other than that, don't talk to me. 』

From among the enemy's formation, a man with a pointlessly extravagant armor appeared.

He didn't need that decoration.

(Yuki)「It's about surrendering. As we are here, we can't afford to surrender. Sorry, but only if the center and left wing of our army are destroyed would we then think about it. Until then, can we just keep from fighting?」

(Ritea's commander)「Is it because we will simply crush you, bastards?」

(Yuki)「It cannot be helped if that is your choice. We will fight back too. As you can see, we have goblins, slimes, and even one is a blood minotaur. Please be prepared to bear some damages. 』

(Ritea's commander)「..... I see. If we wait, we won't have to fight against the

blood minotaur. 』

Well, that meaning worked too.

Mino-chan should be around half-way amid our war potential?

Because Aslin's escort was Surakichi-san.

The escort for Philia was the goblin Steve.

Both of them now were level 105 since they trained.

And since everyone had the same over-protective opinion for Aslin and Philia, their levels were raised over 150.

Ellis and the others averaged level 110. My group of monsters averaged level 80. The volunteers were the lowest at around level 40.

That changed from the enemy side, their soldiers averaged level 25. The highest was 50.

Armed like soldiers, we looked just like them.

These equipment were all enchanted equipment supplied by the fairies.

Naruja-san said「They are good, so please check their performance. 』. I was pleased that I could test the armor made of alloy.

Well, it was made from the same ability that created Labiris's powerful Katana in just one day. When I ordered for 120 people, they easily managed to arrange them in two weeks.

With that setup, the idea that we wouldn't receive a loss wasn't a mistake.

The whole assessment of our strength was wrong though.

Yes, since I didn't want the items to be linked to the fairies, they were made in a shabby manner.

All in all, there was no reason for us to declare that our equipment were custom-made intentionally.

Naruja-san seemed a bit dissatisfied with my opinion since she had said. 「When I hear your reason I can be convinced but... For ceremonies and the like, isn't one firmly decorated better?」she wanted to make fine armor.

Had it something to do with the craftsman's pride I guess?

At that time, our opponents were still thinking.

Should I give them a push?

(Yuki)「I want to hear your reply!! Do you want to fight or continue glaring at each other this way!!」

(Ritea's commander)「..... Very well. Let's accept your proposal. However, it's not fun if we don't do anything. So let make it a verbal war instead. 」

(Yuki)「We have to persuade you?」

(Ritea's commander)「Exactly. In that case, our merits will be recognized. It is better to persuade than just getting stuck here and choose an ordinary ending where we just glare at each other. 」

Well, that might be the case.

You probably didn't think that you'd lose here.

It is a match with a thousand against a hundred anyway.

The total amount of their troop was about 5000.

Here, we were about 350.

Normally it wouldn't even be a match. Normally that is.

(Ritea's commander)「But that's surprising. Are you Yuki?」

(Yuki)「That would be me? What about it?」

(Ritea's commander)「No, even though your younger brother is a fierce fighter, you are just a heartless older brother who can only wait until the end of the match so that you can surrender miserably. No, in a way I have to thank you for your younger brother. Because if someone of his level was in the battlefield, that wouldn't even be a fight. Fortunately, you purposely send him to guard Alshtail. 」

My opponent laughed, having said something stupid.

(Ritea's commander)「Don't you think that the Alshtail's negotiations would have gone smoother without protection? That's your bad luck. But I will capture this Dungeon as soon as I take you down. Indeed, I won't give in to the threat of Seraria. How suitable it was to lay the blame on the Demon King. You were foolish. To think that you connected your Dungeon to our cathedral... 」

(Yuki)「What do you mean?」

(Ritea's commander)「Don't you understand? Your younger brother is awesome after all. But you are stupid!! That's easy, if we take over the Dungeon, the news won't leak anywhere!! Normally, we'd have to go on an expedition, but you relieved us by making this unexpected connection!!」

(Yuki)「Don't you think that we have already contacted Rochelle?」

(Ritea's commander)「How charming!! If you had properly communicated, Seraria would have already appeared here!! It would be normal to dispatch a messenger in this regard. Besides, to battle against us with these small number of people. Perhaps was it your judgment? Well, if it was this idiot Princess, she would have been blinded with honor. 」

Wow, it's incredible. What he said made a lot of senses.  
Indeed, that's the reason why our opponent had marched against us.  
Well, he didn't ask for the treatment of Lulu.  
And this small number of people... It's because I had judged it enough.  
No, I could do a lot more, right  
Recently, since the number of residents had increased, so was the amount of DP.  
Honestly, I could call out a thousand blood minotaurs.  
If you drop it to the rank of goblin or slime, I could probably afford 10 000 units.  
Well, because it was useless I certainly wouldn't do that.  
If I called them out, I'd have to find a place for the survivors to reside in, and also to divide them between work or the small Dungeon.

(Ritea's commander)「But you aren't just an idiot, you're foolish. You just went around hiring a couple of adventurers. And what else, some slimes, goblins, and a slightly strong blood minotaur? What was on your mind when you decided to face use with such fighting power. 」

My opponent laughed as he checked our fighting power.  
Then, his eyes caught on something.

(Ritea's commander)「Besides, you even brought infants to the battlefield. Well, they look delicious. They are good prospect that'd surely taste well in the future. 」

..... Ugh, what a lolicon.  
Suddenly, I sensed something from my back, turning, a strange sight entered my eyes....  
The monsters had a red aura? They were fully covered of it.

(Aslin)「... hey. 」

(Philia)「... You. 」

Hum, did Aslin and Philia want to say something?

(Aslin)「Of my Onii-chan... !」

(Philia)「To my nii-sama... !!」

Me? What of me?

「Do not make fuunnnnn!!」

The two girls raised a shout, similar to a crying voice and the monsters hailed in concert with a war cry.

(Yuki)「Wait ! ?」

(Ritea's commander)「Ha!! Likewise, I have the urges to carelessly strike!! However, it's too bad!! Look at those prospects!! Bow squad, prepare!! The enemies have only some scarce shields, they can't stop you!!」

「Ou!!」

The enemy commander quickly answered.  
However, the reality wasn't that light.  
Their first shield corps was blown off at once.

「Piku——— ! ! (Do not make Aslin and Philia cry!!)」

Simultaneously, a shotgun-like tackle was done by the slime squad.  
It's a dreadful blow that used the attack power together with the quickness from their status.

Since I taught various skills to Surakichi-san, he had taught them to the others.

(Ritea's commander)「What!? Foolish!! Bow corpse, release!!」

I think he was a great commander, it's wonderful to still be able to instruct command in that mysterious state.  
And as he instructed, the bowmen shot and a rain of arrow poured on our heads...

(Ritea's commander)「How is this possible.」

The rain of arrow fell out flat on the ground after they hit something in the air.

「『Piku——— !! (Are you rotten, you just shot arrows to little girls! ! ) 』」

Yes, they were the slimes who expanded their bodies in the air as a countermeasure to the arrows.

This unit was evenly distributed among all our troops, so even if it becomes a battle with bows and arrows, the damage can be almost nullified

Oh, the slime body could apparently increase or decrease according to magical power.

Surakichi liked his body, so he remained the same size. But from his amount of magical power, it's confirmed that he could probably attain the size of the main training building.

So the slimes could defend even if they weren't that many.

Of course, it was difficult to break those slime's defense. Not in the least with an arrow.

「AaaaaaaAAAAA!!」

Boh!5)SFX:hit!

「Huh? Aagiyaaaaa!!」

One of the enemies was blown off his horse.

Before I noticed, Philia was already swinging her super-weight hammer in battle in front of me.

Then, she rushed into the enemies.

(Yuki)「He, hey!! Philia!!」

(Steve)「Gobu!! (Don't worry, leave it to me! ! )」

(Yuki)「No, don't!!」

(Steve)「Gofuu. (Oh, that's impossible. I can't win against a crying child. )」

That way, the goblin corps led by Steve crushed the enemies, defending Philia.

Many of the enemies also lost their heads from a swing of Philia's hammer.

The enemies were almost unable to respond, the slime unit that seemed to be rampaging.

(Ritea's commander)「Ah, my feet!! My feet gaaaaaaa ! !」

Ah, he was alive?

That was even better for me.

(Labiris)「..... Ara? Were your feet not enough?」

Hyun.6)SFX:Slash

When the two arms of the commander fell from his elbows, the commander's cry echoed.

「KiiiyaaAAaaaAAA !! My arms!?!」

(Labiris)「... Are you dissatisfied with only one part of your arms? I can arrange that, let's cut the whole thing. 」

Then, his arm was completely cut off from his shoulder.

(Labiris)「..... You'll keep suffering until you die. 」

Labiris, with her katana, advanced towards her opponent and slashed at his leg.

The limbs of the enemy were blown away one after another.

(Labiris)「... Suffer!! Because you insulted our important one!!」

An unusual big voice came out from Labiris.

This was the beginning of this hell.

Current status report, enemy's left wing, literally annihilated. No survivors.

I mean, I wanted to quickly say this.

(Yuki)「Aslin, it's okay!! I don't mind even if they said such a thing!!」

(Aslin)「That's no good!! People who mock onii-chan are bad people!! Uwaaaa!!」

The first thing I had to do was to stop Aslin who abnormally raised the fighting spirit of the monsters.

(Yuki)「No, here. I was also made a fool by everyone in school? They were just some funny people?」

(Aslin)「That's different!! Everyone wasn't serious about it!! But those people are seriously making fun of onii-chan. ! I won't let it pass!! Hikku, eguu!!」

「「GOAAAAA!!!!」」

Every time Aslin cry, a roar from the monster arose.

(Lutz)『Hey onii-san!? What is going on!? The monsters won't listen to what I say!!』

The voice of the panicked Lutz reached out to me.

(Seraria)『From the center Yuki, the monsters are trampling down on the enemies and are running in the direction of Philia and Labiris. What happened!? No way, Aslin!!』

(Lutz)『Hey!! Onii-san, are you and Aslin safe!?』

(Yuki)「Calm down, Aslin here is safe and has no injury in the slightest. But I was a little astonished when she cried. That's why the feelings of the monsters are rising. Keep the opponents who surrendered away from the battlefield as much as possible!! Their safety isn't absolute until I appease Aslin!!」

(Seraria)『..... I understand. Are Labiris and Philia also enraged that Yuki has been made a fool?』

(Aslin)「Seraria onee-jyan7) Since she is crying, Aslin can't pronounce words correctly . They mayde fun of onii-chan!! Unforgivable!! I can't think about anything!! Don't let them go!! Onii-chan isn't an idiot, please help me correct them!! Don't be gentle!! He is trying to make everyone smile, onii-chan isn't an idiot! He isn't a fool!!」

When she heard the voices coming from the radio, Aslin answered Seraria. Mou, her gloomy face was covered in tears.  
What should I do to calm her...

(Seraria)『..... Yuki, you firmly appease Aslin. We will also annihilate our enemies!! No more surrendering!! The other party was a fool to laugh at you!! No need for mercy anymore!! .... It's not good to mock a person's husband!!』

(Ellis)『Ellis here, I understand. After this, I will annihilate the enemies without admitting their surrender!!』

(Seraria)『You are surprisingly calm after hearing Aslin cry so much.... Oh, just by imagining it, I get mad.... I won't be going easy. 』

(Riel)『Don't make Aslin cry!! I won't forgive you!!』

(Millie)『Oh, wait!! She went all-in just like she did before!! But this time she has no monsters with her!! I will chase Riel!!』

(Kaya)『... Millie I'm coming too. 』

(Tori)『Me too!!』

Oh, everyone turned the extermination engine on.

In the end, Aslin settled when the enemy center fell.  
Arf, battles like this were the most dangerous for Aslin.  
The monsters had also stopped listening to me.

Well, it seems that they wouldn't attack their allies, so it might be useful when used well.

But, everybody would oppose to make Aslin cry.....

Don't make Aslin cry.

That should be understood now.

# Chapter 70 - Cleanup

Side: Alshtail • Ritea

「Are you okay with that? Have you acknowledged their enforcing?」

One of the traders that supports Rochelle asked me.

(Alshtail)「No, it's fine. Indeed, Seraria has foreseen the amount of force the enemy would bring out this time. 」

「Then, why with such a minor fighting force... 」

(Alshtail)「It's according to plan」

「Huh?」

(Alshtail)「It will be recognized that my judgment is wrong if they fail to annihilate<sup>1</sup>) if the Dungeon side fails to annihilate their opponent their opponent. However, it is necessary for them to experience the fighting strength of the Dungeon. 」

I said the things just like Yuki-san had said to me.

They'd make sure that the opposite faction couldn't retaliate, and that it would bring dissatisfaction towards me and they'd hence remove me from power.

「Wow~ That's wonderful. If the opposition's army truly fails as planned, then you can be in charge with anything. Indeed, Seraria-sama could have actually hidden some of her power?」

Since they had scouted the Dungeon, they know that the defensive force of Rochelle is less than 400.

Then, they brought out a force of about 5000 fighters.

That's why I had purposely disclosed the information.

I think it was a natural course of action for them.

(Alshtail)「No, Seraria-sama only intends to fight the opposition's army with her own force. 」

「What a joke. She can't compete with that strength. 」

Yes, it won't even be a match.

The opponents<sup>2</sup>) again, the opponents of the Dungeon would be easily annihilated.

「Oh, is that Kiyu-dono, will he attack from behind? In that case, the other partner will have no choice and they will fall in chaos. Don't worry Kiyu-dono. Alshtail-sama will be protected by us firmly. The opponent will withdraw by her unwavering might!!」

As soon as he saw Kiyu-san, he made a conjecture.

Well, if Kiyu-san were to attack from behind, the rate of the extinction would rise even further.

(Kiyu)「No no, as she said. I will not participate in this fight. To the end, I'm protecting Alshtail-sama while she meets the emissary from Rochelle. 」

Kiyu-san denied him.

If you look at him, he didn't look that strong, but since we came... No, when you listen to Seraria's declaration, that's unthinkable.

As we expected of the opponents, they wanted to kill the emissary and Kiyu-san, and they would drag me along in the process...

Kiyu-san had jumped towards the one who wanted to harm me, beat him up, and sent him to prison.

If Kiyu-san wasn't there, I would be gone for already.

For now, the factions who believed my words in the upper echelon increased.

Of course, since fairies were also in the Dungeon, there was another layer of people who agreed.

Lulu-sama's effect was wonderful.

However, there seemed to be members of the opposite faction everywhere.

「I won't lower my head to Rochelle!! There is no evidence that we tried to assassinate Herge-sama!! This is clearly a threat!! In addition, some mystery that pushed the fairies into a dangerous place such as a Dungeon, I don't believe it!! Let's annihilate the Dungeon and rescue the fairies!! There's no doubt that we have to capture the suspicious Seraria and ask Rochelle for compensation!!」

Oh, what the opponent said to rally people was rational.

Then, the refugees were the biggest problem.

「There is no need to send them to another country. And it's even foolish to provide funds for it!! Alstail-sama, please clearly state your intention. You're obviously choosing the refugees yourself. But we should save them ourselves, not others!! We already have proper rescuing measures, and emergency meals available!! Please don't grow impudent to the nation!!」

Well, there was one way.

They weren't asking for salvation here.

Many have become refugees because they were victims, and some because they couldn't find a job

But that's not all.

Then, Crack brought out the documents that described the flow of money.

(Crack)「The collected money that is mentioned here that you talked about... No, most of the collected money was used for private use, and can't be used anymore. It certainly wouldn't be enough to save all the refugees, but certainly more than half of them. Can you say really say that you are properly trying to rescue people after you look at this?」

「Well, that's ... 」

(Crack)「Of course, everyone involved in this matter deserves a punishment... Capital punishment<sup>3</sup>) Capital punishment comes up here and there from time to time, but for those that don't know what it actually is, it means execution . So, if we temporarily support refugees, we are saying that we won't do anything about that. I actually saw the city with my own eyes, and that's enough to live. And if they die because of a plague, you won't have to be troubled by it. 」

「Why people would die because of a plague?」

There were many people who tilted their heads on the side when the plague was brought out as it increased the benefits of sending refugees to the dungeon.

It was not until Yuki-san told it to me that I noticed, but now I consented.

If you eat rotten things, it'll break your stomach. So, you get rid of the rotten.

That the same thing was true for the animals in the neighborhood.

Birds and rats that eat it would also cause a plague.

「Hmmm. It's reasonable. Moreover, Alshtail-sama, if you send refugees to the Dungeon, you won't have to worry about the plague and also the manpower Seraria-sama requires for her town can be secured. Should we accept Seraria-sama's offer? That's a threat, but should we accept? The trade is also much safer than to do so over long distances. Moreover, the fairies are there. 」

When one person said that, a lot of them nodded.  
However, some people still didn't.

「Eeeyy ! ! Don't be deluded!! Maybe they are trying to kill us using the Dungeon!! Besides, what would the other countries think of us if they hear that we can't even take care of our own people!! Lulu-sama hasn't come back!! She is clearly a hostage!!」  
「He's right!!」

It's not easy to accept as a country.  
That's why Seraria-sama left this plan.

(Alshtail)「I also understand the opinion of those who oppose it. But you are the minorities. The Congress wants to go in the direction of the trade. 」

When I said that, it seemed that everyone was convinced except for the opposite faction.

「Guh!!」

The oppositions had distorted faces from the humiliation.  
As Yuki-san said, it's not necessary to leave them inside, right?

(Alshtail)「However, we have received the proposal from Seraria-sama. If you neglect this only because you heard a small number of the opposite faction, that would leave unnecessary problems for later. Then, those who are dissatisfied should attack their Dungeon. 」

「How!？」

(Alshtail)「So if you can get rid of Seraria-sama, you can use the Dungeon however you like. I'm not going to join the quarrel, but if ever you can control the Dungeon, it will be a tremendous achievement. 」

「Why would you admit the attack Alshtail-sama?」

(Alshtail)「So that, if the dissatisfied disappear, I think Seraria-sama would truly want to trade. 」

By saying this, the opposite factions were boosted purposely, and we could then collect all the disturbing people and annihilate them.

This was the strategy Yuki-san and Seraria talked about.

To make it look possible for the opposite faction, Seraria-sama only led a small force to defend the Dungeon.

And now, in front of us, the battle for the Dungeon had started.

There were about 100 people from the opposite faction.

In order to see the results, most of the higher ups participated.

Some of them pushed the oppositions armies forward.

「Come, Alshtail-sama. Our army will catch Seraria-sama soon. At that time it shall be the proof of your incompetence. Because of that, you'll lose the seat as the Holy Woman. A girl who can't use even simple strategy is useless. Ahahaahahah!!」

One of the opponent's representative denounced me with a loud voice.

But this kind of behavior was gone 2 hours later.

Because the army he was proud of was annihilated.

「Th-that's a lie... 」

In such a strange way, he looked at the Dungeon's defensive force led by Seraria who was advancing towards me.

「Impossible!？」

Merely a hundred people had escaped in the two hours.

They were no longer in the state to talk but in a state of panic.

It was unavoidable.

Because there was too much difference in their abilities, they were now just like hunted beasts.

But, this was a necessary sacrifice for the peace of the world...

(Seraria)「Well, I wonder if you understood the extent of our capacities?」

Said Seraria-sama who had walked in front of us.

Most of them were dyed in blood.

Looking at the figure of those around, no one except me and Kiyu could keep our breath.

(Alshtail)「Yes, we will accept Seraria's request, and about the trade.....」

「Sh-shut up!! That was certainly a trap!! That's right, it must be!! Otherwise, 5 000 people can't lose against less than a hundred!!」

Obstructing my words was the representatives of the opposition.

「When you see it, they are full of little girls!! Such women and children can't beat an army!! I will knock them in this place!!」

Within the confusion, Seraria-sama drew her sword.  
It was too late to stop the trouble... right.

「Ah, gi?」

When that voice echoed from him, the armor was halved, and including with his sword, fell on the ground.

Her sword was a little strange? Seraria stood there, expressionless.

(Seraria)「Alshtail. I will handle the fight with the insiders. You, Are you from the opposite faction?」

「Ye-yes!!」

(Seraria)「Then, quickly push forward the refugee policy. We will start in one week as promised. Don't be late.」

Having said that, Seraria returned the sword to its sheath and returned with her army.

(Seraria)「There is no one in opposition to the trade with the Dungeon of Rochelle this time, right?」

After a while, the higher up finally came back to his senses and reacted to my inquiry. He shook his head vertically.

And later, here are the results of the meeting.  
As a mean of an apology to Seraria, it was decided that all the properties from the representatives of the opposite faction would be transferred.  
They seemed to be very scared of Seraria-sama.

... It would be tough with a lot of procedures.

The cleanup increased unnecessarily... My stomach hurts.

# Side Story - Trap 5 - Weakness

side : Lutz

(Yuki)「No, I can't drink too much of alcohol.... No, that's different, I can drink but I don't want to. 」

I latched onto those words.

If onii-san was to drink alcohol, he won't remember and his unconscious desires would be revealed!!

After all, he had said. I can't drink alcohol but that doesn't mean I'm not appealed by it!!

However, even if he was to drink alcohol now, preparations weren't enough. So, this time.....

(Lutz)「Is that so? That's too bad. But if we have the chance to, let's drink together. It doesn't mean that you can't drink, right?」

(Yuki)「Oh, well. That's right, I'm not a drinker, but if the opportunity arises, let's have a drink together. 」

Yosh!!

Onii-san promised to me!!

He won't be able to refuse now that he had said it.

And then, after the late night PeroPero1) SFX:Licking to onii-san's lower part, we gathered in the banquet hall.

(Delille)「What, Lutz? This one wanted to participate at holding it in the mouth... 」

(Lutz)「Delille. That's not allowed. What? That's because even if you are a lady, you have yet to be accepted by the legal wife. 」

(Delille)「Oh! But Princess, in the thoughts of Mine, thou dislikest that kind of thing. 」

(Seraria)「Ara, if my husband is happy, then it's nothing too bitter. Besides, I like PeroPero. Yes, and in fact Delille, you too were once a part of Royalty. 」

(Delille)「Oh, I remember that. 」

(Lutz)「Yes, yes, today's report is good. To be honest, I too, want you to retire from onii-san's PeroPero in the future. 」

(Seraria)「As Lutz said. Please stop it. 」

(Riel)「That's right. I can't stand it?」

Currently, the PeroPero Alliance for onii-san was composed of Seraria-sama, Delille-san, spy Lutz, Millie, and Riel.

Oh, Labiris, Aslin, and Philia weren't part of the group because they were younger.

They couldn't participate in the late at night meeting. I mean, it was their sleeping time.

Ellis and Tori had known of this already, but they say that they wouldn't stop such a thing.

It seemed that the two wanted to confess at a later time to onii-san and that it was necessary to build a sparkly relationship.

I forgot to mention, but the PeroPero was Seraria's proposal.

Everything had begun with a Call where we mentioned the topic about how to quell onii-san's frustration.

Seraria-sama is, to be frank, a good person who is easy to see through.

She didn't speak to us like we were concubines.

That didn't matter.

(Lutz)「The talk went the wrong way. The reason why I gathered all of you today is because I would like to make onii-san drink alcohol. 」

「「「 ? 」」」

Everyone's neck tilted when they heard me.

Well, was that too sudden?

Since it couldn't be helped, I was ready to tell everyone the events of today.

(Seraria)「... I understand. He should be weak against liquor as Lutz said. 」

(Delille)「Well, then. No matter how you see it, that speech is wrong2) as in Yuki trying to cover up his weakness to alcohol . 」

(Millie)「Eh, Yuki-san has a kawaii3) Kawaii: JP word for cute side. 」

(Riel)「I think so too!! When I was an adventurer, only the persons who talked big about enduring alcohol were weak to it. 」

It was unanimous

(Lutz)「So, I fixed a date with onii-san, and we promised to drink alcohol together. 」

「「「 ! !?」」」

They were all surprised hearing my words, I made a wide grin.

(Lutz)「That's right. If onii-san drinks until he loses his awareness, he won't be aware of our attention. No, since he is fond of us, there is a chance that he would bring us himself to his bed. 」

「「「Gokuri4)SFX:Gulping」」」

(Lutz)「Nevertheless, I don't want this event to be an affair so I wanted to consult with everyone if I'm allowed to do this. As so I'm here to discuss it with you. 」

That way, I looked around at everyone's face.

(Delille)「There is no problem!! This endurance of Mine is at its limit. ! !」

(Millie)「That's good for me too!! Let's do it, hurray!!」

(Riel)「Me too... Hmm, can I still guard if I get pregnant? But, I want to do it~」

(Seraria)「What are you saying Riel!! Yuki won't bear such cold-heartedness, rather, he will be pleased!!」

(Millie)「That's right!! The more people, the better!! Right. Small. Medium. Large. He has all the choices. Such a medley of breasts!! Yuki-san's reason will blow!!」

(Riel)「Isn't it?!! I also agree with you!!」

Three people are OK with this.

(Lutz)「Well, the problem is Seraria-sama. How is it, since we may have him first?」

「「「He」」」

Three people just remembered that Seraria-sama was the legal wife.

(Seraria)「I don't really see a problem. Well, I'll join the banquet. So I'm sure to be the first Yuki would press down. 」

(Lutz)「Ho」

This was a little frustrating.

(Lutz)「Shall I receive that as a challenge?」

(Seraria)「Yes, this is a competition. 」

「「「Fufufufufufu..... 」」」

At this moment, all members were seen as an enemy.  
Well, I would cooperate until the banquet.

This and that happened and now was the day of the feast.  
Ellis and Tori were not participating.  
As expected of maidens.

Well「「Uraya5)Expression of surprise .....N-there's no need」」the usual thing.

Rather, our problem was that if we did it today, we wouldn't be able to walk properly tomorrow.  
When I gathered such medicines, I also gathered something so that onii-san can deal with all of us properly.

No, Seraria-sama happened to have it. 6) TLN: Dang Seraria

Oh, and it seemed that Labiris would participate, but that Aslin and Philia would stay together out of it.

And somehow, Naruja-san was also here. We hadn't told her about it, but perhaps someone had slipped up.

Perhaps Millie could have done it? Because they both often drank liquor in the bath.

(Yuki)「Yosh, today's participants have all gathered. Ellis and the others will make up for it another day. 」

(Lutz)「Yes, then let's drink today. 」

(Yuki)「That's right. Then, I made various things using DP. 」

A variety of alcoholic beverages were lined up on top of the long desk in front of onii-san.

In the back was a mountain of ice and water that would blend pretty well with  
The appetizers were chosen unanimously, they were sets of Yakitori.

(Yuki)「At banquets there is a rule that everyone has to start their first glass with the same drink. Are you okay with this rule?」

(Lutz)「It is also true for our continent. 」

(Yuki)「In that case, how about starting with Yebisu beer?」

(Millie)「Iyahhoo ! ! Yebisu!! Yebisu!!」

(Naruja)「Gya I'm glad. I love Yebisu. 」

Naruja-san and Millie-san were originally part of the beer faction huh?  
However, the tension rose too much.  
Beer mugs were passed among everyone.

(Seraria)「Now, my dear Yuki. You make a speech. 」

(Yuki)「Should I? Hmm, that's right. To everyone who came here, thank you. And good luck for the future!! I hope flourishing prosperity for us in the future..... 」

「「「Kanpaaaaai ! !」」」

That way, everyone drank their first mug.  
Kukuku, how long would you endure onii-san?

(Millie)「Kuaaa ! ! Delicious!!」

(Naruja)「The cups are piling up!!」

Shut up, drunkards.

(Seraria)「Ara, what's wrong Delille?」

(Delille)「..... No, I am just glad to drink with everyone. 」

(Seraria)「It's fine!! We will always be together!!」

(Delille)「..... Thank you. 」

Delille-san's journey was hard huh?

(Yuki)「Fuu」

Before I knew it, onii-san emptied his mug.  
Oya, that's unexpected.  
I'd never thought he could drink it all at once.  
Well, let's just pour him another.

(Lutz)「Onii-san, onii-san. Here, another serving ! !」  
(Yuki)「... Well. Thank you. 」

Fufufufufufu, We're reaching the critical moment little by little.  
That's not good. If you reacted so easily, I would push you down.  
That's regrettable, but we have to wait that you drink until you lost your reason.

... What was wrong here?

(Millie)「Kukaa」

(Naruja)「I give up!! Suu7)SFX:Sleeping」

Two drunk people were already sleeping.  
Because all they drank was sake.

(Delille)「I can still continue!!」

(Seraria)「Ara, Delille-san, do you see three people?」

(Riel)「I ~ might have small breasts, but I am a woman!!」

Delille-san, Seraria-sama and Riel were no longer normal.

(Lutz)「Uppu..... 」

I held my mouth and struggled against my nausea.  
I drank too much...

And our target, onii-san he.....

(Yuki)「Let's call it a night. Seems like everyone enjoyed it. 」

Why are you acting as if nothing happened!?  
Since you had competed with Millie and Naruja-san, it shouldn't have been a small amount!?  
And yet, he cleaned slowly and carried everyone back to their rooms.  
Since I wasn't able to walk by myself too... He mercifully took me to the toilet in

my room.

Even if I was about to regurgitate on the spot, I refused his assistance.  
Even if I was a woman, I had a strong will!!  
Well, I made friend with the toilet until the day was over.

(Lutz)「... Oh, it's gone today. 」

I was glad that my nausea didn't last till today  
Although today was a day off, it would be a pity to spend it in the toilet.  
The morning sun had yet to completely rise.  
As I was taking a bath, and tried to erase the fragrance of the vomit. I heard  
Aslin and Philia rushing while they uttered loud cry one after another.

(Aslin)「Onii-chan is dying!!! Uwaaaaaaan!!!」

(Philia)「Nii-sama!! Nii-sama!!」

Eh?

Wait a minute!? Did something horrible happen?  
He's dying? Onii-san!?

(Lutz)「Please calm down you two!? What happened!?」

I held the two crying girls as I ran to onii-san's room and listened to the  
circumstances.

(Aslin)「O-onii-chan... he vomited a lot!! It looked painful!! He's dying!!」

(Philia)「That's the first time I have seen nii-sama suffer so much!! Call Herge  
ane-sama!!」

(Lutz)「..... No, that's not it..... 」

When I entered onii-san's room. Labiris was anxiously sitting in front of the  
door of the toilet.  
And from inside the toilet.....

(Yuki)「..... After all, that's what happens when one drink more than  
prescribed... Upp..... 」

Such voice and vomiting sounds echoed from the room.

(Labiris)「Hey, Lutz. Is that because of alcohol? For some reasons, Yuki jumped

out of the bed earlier and rushed into the toilet. 』

(Lutz)「... That's maybe because of alcohol. Onii-san, can you hear me? Just a moment ago, Aslin and the others were really worried about you. Can you reply if possible?」

When I said that to the toilet, a reply was returned after a little while.

(Yuki)「..... Ah, you're right. I probably have a hangover? I drank sake, but I seem to be drunk, My thinking is not really steady. I'm slightly bad with the effect from drinking. That's why, I don't really know the limit of drinking too much... Uppu...」

So again, his answer was interrupted for a while.

(Yuki)「..... I get a remarkable sickness with hangovers. That's why I didn't want to drink alcohol. Even though I'm hardly getting drunk, the suffering firmly strikes later. I don't mind a drink before sleeping... Well, I'm keeping statistics... I want to know the line that makes me feel sick... 』

That was the reason why you couldn't drink alcohol!!!  
I fell on my knees, crestfallen.

(Labiris)「... Lutz, don't mind it. 』

Labiris, I didn't need your comfort.

Eventually, onii-san came back at 2pm that day.  
Until then, we had to explain to Aslin and the others that onii-san had drank too much.
